## MOST OF CHURCH DEBT IS PLEDGED

Sum of \$11,200 is Raised at Big  
Flatrock Christian Dedication  
Held Sunday

### THREE SERVICES DURING DAY

Shaw Memorial in Afternoon For  
Famous Revivalist and Song  
Writer, Native of County

In spite of very inclement weather which kept scores of people at home, the dedication services of the Big Flatrock Christian church, one of the oldest in central Indiana, were held Sunday and resulted in \$11,200 being raised to pay off the debt.

The new house of worship was erected around the frame work of the old church at a cost of approximately \$13,000, and there remains in the neighborhood of \$1200 or \$1300 yet to be paid in order to put the church out of debt. The money subscribed at the three services Sunday added to what had previously been subscribed, amounted to about \$11,200.

Seven persons who attended the dedication of the first church in 1856, were present Sunday.

The new edifice is of brick veneer construction and contains all of the modern improvements, including a heating plant, kitchen and commodious basement. A basket dinner was served at noon Sunday and hundreds of people enjoyed the repast, but many from a distance were unable to be present due to heavy rains.

A majority of the Christian congregations of the county were represented by delegations, including the Main Street church of Rushville, Milroy, Hannegan, Ben Davis Creek, Glenwood, Sexton, Mays, Center, Moscow and Little Flatrock. There were also a number of persons present from Shelbyville.

The Rev. C. W. Cauble of Indianapolis officially dedicated the church at the night service and also superintended the raising of the money, which was finished in the evening. He was assisted by the Rev. W. T. Crawley, the pastor.

Although most of the evening service was devoted to the appeal for more money to meet the expense of rebuilding the church, the Rev. Mr. Cauble preached a short dedicatory sermon, "A Perfect Day" and the keys to the church were formally presented by Grant Miller, chairman of the building committee, to the board of trustees. They were accepted.

## THREE DEAD AND 26 INJURED, FIRE'S TOLL

Pall of Gloom Cast Over New Haven  
and Yale Campus by Tragedy  
in Theater's Burning

### RUINS SEARCHED FOR BODIES

(By United Press)  
New Haven, Conn., Oct. 28.—Three dead and twenty-six seriously injured was the toll of casualties in the fire which destroyed the Rialto theatre here last night, Police Chief Smith announced today. Twelve of these are in hospitals and are in a critical condition. Search of the smoking ruins today failed to disclose further victims who it was feared were caught under the roof and gables of the building.

The coroner's inquest was scheduled to be held in New Haven this morning. Pending its verdict, no arrests were made.

A pall of gloom was cast over New Haven and the campus of Yale university today by the tragedy.

Great crowds gathered in the streets as near the ruins as police would permit to watch the grim work of searching the charred debris.

Fire draperies were ignited by an incense pot and in a few seconds the entire theatre was a mass of flames. Panic prevailed and those trapped in the blazing theater dashed to the exits. Terror was added to the audience when a short circuit of the wires immediately after the flash of the flames threw the house into darkness.

## RESIGNS AS LIEUTENANT

Scott Buell Leaves Co. C and Eli  
Kinney is Advanced

A change in the officers of Company C, 151st Indiana Regiment, National Guard, located in Rushville, has been made on account of the resignation of Scott Buell, first lieutenant, and his place has been taken by Eli Kinney, who formerly was second lieutenant. Sergeant William Hardwick, who has been acting as clerk for the company, also was promoted to the second lieutenant position made vacant by the advancement by Lieut. Kinney.

Mr. Buell stated that he was compelled to resign from the local company on account of his affiliations with the U. S. Grain Growers, Inc., as he could not attend drill practice at the regular weekly meetings.

## FATTY TESTIFIES IN OWN DEFENSE

Describes Actions From Time  
Virginia Rappe Was Afflicted in His  
Suite Until She Was Removed

### TELLS A CONNECTED STORY

Declares Neither Miss Rappe Al  
Semnacher nor Fay Prevost Were  
Invited to Labor Day Party

(By United Press)  
San Francisco, Calif., Nov. 28.—Fatty Arbuckle, famed comedian of the movies, now on trial for manslaughter, bundled his 240 pounds from out of the defense chair today and ambled to the witness stand at the sudden call to tell the jury his version of the death of Virginia Rappe, which he is alleged to have caused.

Arbuckle walked to the stand, bumped into a chair and had difficulty in squeezing between two tables. He twisted in his chair twice and glanced down at the defense counsel's table. It was a signal for his lawyers to begin. His testimony is as follows:

"My name is Roscoe Arbuckle. I am a movie actor. Virginia Rappe came to my room at the St. Francis hotel, September 7. Mrs. Delmont was with her. She did not come by my invitation. Nor did Al Semnacher, Fey Prevost or Alice Blake. I invited Marie Taube. I was dressed in pajamas and bath robe." The both robe was placed in evidence. Fatty continued:

"About three p. m. I saw Miss Rappe in my room. I was then going out for an engagement with Miss Taube. I had seen her in the other room just previously. The door of the room was open when I saw her. I found her in the bathroom. She was on the floor in front of the toilet. She was holding her stomach. I picked her up and she vomited. I held her hair out of her face. I then wiped her face with a towel. Then I gave her a glass of water. She said she would like to lie down and I carried her to my bed. She said she had these spells often. I went to the bath room and when I came back she was on the floor writhing and moaning. I called Miss Prevost and Mrs. Delmont. When they came in she was tearing her clothing. She pulled off her dress and stockings and began pulling the lace off her garters. I told the girls to stop her and tried to help her. I went out of the room and when I came back Mrs. Delmont was rubbing her with ice. I picked up a piece of ice and Mrs. Delmont told me to get out and I told her to shut up or I would throw her out the window.

"I then had Miss Taube to call the hotel manager. When he came we put Mr. Fishback's bathrobe on Miss Rappe and carried her to another room. I carried her three-fourth of the way and Mr. Boyle took her. I then asked to get a doctor. The door leading from her room to the corridor was not locked. The window was open and the curtains up.

"Miss Rappe said nothing that anyone could understand. At no time did I tell Mr. Semnacher about the ice and Miss Rappe's body."

## THREE-FOURTHS TO SCHOOLS, ROADS

Of \$1,052,823.93 Paid in Taxes in  
Rush County This Year. Bulk  
Goes to These Two Funds

### TABLE BY THE TREASURER

Shows Uses For Money Distributed  
to State, County, Townships  
And Corporations

A compilation of taxes for the year prepared by Charles A. Frazee, county treasurer, reveals that 733 percent of all the money the taxpayers of the county paid into the county treasury went for schools and roads.

Collections on the two installments in 1921 totaled \$1,052,823.93, and of this sum \$314,884.15 will be used to pay for new roads and repair old roads, and \$459,873.37 will be used in the schools, the two making a total of \$774,757.52.

The sum spent for roads includes the money realized from the state highway tax, the county gravel road repair tax, the township gravel road repair tax, the gravel road bonds and interest tax (which is to pay the interest and meet the bonds issued to build new roads) the corporation street tax and the street oiling tax.

The sum spent for schools covers the money derived from the state school tax, the state educational fund tax, the state horizontal tax, the corporation and township tuition tax, the corporation and township special school tax, the corporation and township school bonds tax, the township and corporation library tax and the township vocational and agricultural tax.

The table prepared by the county treasurer shows to the cent exactly how the money people pay in taxes is used. The first group of figures which follows gives the amount belonging in each fund, and the remainder show how the amounts going to the state, county, township and corporations are utilized:

The total collections were distributed in funds as follows:  
State Tax, \$8,283.73.  
State Benevolent Institutions \$40,814.48.  
State Highway, \$27,012.89.  
State School, \$40,388.66.  
State Educational Institutions, \$19,393.93.  
State Vocational, \$1,386.16.  
State Soldiers Memorial, \$4,140.52.  
County tax, \$121,838.04.  
Gravel Road Repair, \$69,162.37.  
Township tax, \$17,967.68.  
Tuition, \$171,265.20.  
Special school, \$176,578.20.  
Road tax township, \$67,864.32.  
Township Poor, \$4,852.25.  
Flood Bonds, \$5,546.27.  
Library tax, \$6,256.06.  
Gravel road bonds and interest, \$147,242.12.  
School Bonds, \$38,290.06.  
Agriculture and Vocational, \$6,315.10.  
Corporation tax, \$55,012.50.  
Electric and water works, \$4,741.77.  
Street Fund, \$282.63.  
City Bonds, \$3,342.03.  
Street Oiling, \$3,319.82.  
Special judges, \$230.00.  
Treas. 6 percent, \$764.64.  
Continued on Page 2

## ISSUES BAD CHECK, FINED

Herschell Carter, Colored, of Rich-  
mond, Makes Good Amount

Two arrests were made in Justice Stech's court over the week-end by John Wolter, officer in that court. Herschell Carter, colored, of Richmond was arrested in that city and returned here on a charge of issuing a fraudulent check on Otto Busard, a garageman. He remained in jail Saturday and late Saturday night pleaded guilty and received a fine of \$100 and costs, which in all amounted to \$184.43. The fine was suspended, but the \$84.43 costs including the amount of the bad check, was paid.

Sylvia Miller was arrested on a charge filed by the Grand Hotel proprietors of evading a rooming house keeper, and he gave bond for his appearance. It is charged that he owed four weeks room rent at the hotel.

## PROSPECT FOR RED CROSS IS BRIGHTER

With \$743.65 in Hand, \$150 to Come  
From Ripley and Others In-  
complete, Officers Are Elated

### GOAL OF 1,000 MAY BE PASSED

Canvassers Still at Work in Several  
Districts—Headquarters to be  
Maintained

With \$743.65 in hand, \$150 to come in from Ripley township, incomplete reports from several townships and three townships yet to be heard from, Red Cross Roll Call officials were even more optimistic today because it is possible now that their goal of one thousand members in the Rush county chapter for 1922 will be more than realized.

Though the Roll Call officially ended last Thursday, canvassers are still at work and headquarters will still be maintained at the recorder's office in the court house, where solicitors may report or any individuals who have not solicited, may join the county chapter by leaving one dollar and their name and address.

The names of the township chairmen are again published so that persons who wish to join or renew their memberships may see them if they are not coming to Rushville soon:

Ripley, Mrs. R. H. Hill; Center, Guy McBride; Washington, Flem L. Maddy; Union (north precinct) Will Martin, (south precinct) Tom Richardson; Noble (north precinct) Roscoe Titsworth, (south precinct) John F. McKee; Richland, Walter Patton; Anderson, Mrs. Robert Ray; Orange, Dave Alter; Walker (west precinct) Rue Miller, (east precinct) Alva Harst; Posey, Ross Hutchinson; Jackson, Dr. Bowen; Rushville (outside the city) Mrs. Wood Bishop; Rushville city, Warder H. Wyatt.

Rushville city leads all of the units of the county with \$468.35 reported thus far and more canvassers to be heard from. Anderson township sent \$120 to headquarters and Center sent \$11 in addition to what had been previously reported. The first report from Posey township brought eighteen memberships with promise of more.

North Noble township yielded \$47.50 and the last report from South Noble was that \$20 had been raised and the territory had not been covered. Nothing has been received from Walker township, but the chairman of the Manilla precinct said \$50 might be expected from him. No word has been received from the chairman of the Homer precinct and Richland, Washington and Union townships are all silent as to results.

## TO DISCUSS CENTENNIAL

Meeting Called For Court House  
Assembly Room Tuesday

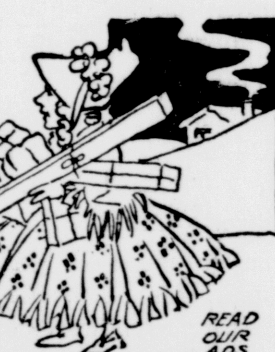

A meeting has been called for the assembly room of the court house Tuesday afternoon at 4:30 o'clock for the purpose of discussing plans for the observance of Rush county's centennial next year. The meeting is being held upon the suggestion and with the approval of the Indiana Historical commission.

Neighboring counties of Henry, Morgan, Johnson, Shelby, Decatur and Marion have already organized for the same purpose and it is regarded as fitting that Rush county should not fail.

### DAN SPIVEY ILL

Dan Spivey, who has been ill with bronchial trouble for the past week, was reported today to be in a serious condition, and shows little improvement.

## MUST HAVE THE EVIDENCE

Attorney General May Investigate  
Standard Oil Co. (Indiana)

(By United Press)  
Indianapolis, Ind., Nov. 28.—A state investigation of the Standard Oil Company (Indiana) may be started if independent companies can produce sufficient evidence to back up their "profit squeeze" charges, Attorney General U. S. Lesh said today.

Lesh said however he would not attempt the investigation without aid from federal authorities. District Attorney Frederick VanNuys refused to say whether the government would co-operate or not, stating merely that he would not be in office after next January.

Individual dealers have told Lesh the Standard disregarded state anti-trust laws although they may be within the bounds of the federal laws.

## AMERICAN PLAN STILL UNCHANGED

Japanese and British Naval Ex-  
perts at Arms Conference Are  
So Informed Today

### INFORMAL MEETING IS HELD

Japan Expects Agreement on Naval  
Armament and Far Eastern  
Question Before Christmas

(By United Press)  
Washington, Nov. 28.—The American plan for limitation of naval armament stands unchanged, naval experts of Japan and Britain were told today.

This attitude of the American naval advisors was communicated to the foreign experts in an informal meeting of the naval authorities of the various powers in the Pan-American building today.

It was a reply to the latest communication from Japanese experts declaring that the American authorities made a mistake in their calculations given by this government's advisors at today's meeting of the experts.

The reply was that no mistakes had been found in the American plan. Japan, however, expects an agreement in both the naval and Far Eastern questions before Christmas, the United Press learned on good authority.

A quick and serious consistency for immediate racial rating of Chinese proposals has been announced and are being made.

One American naval advisor's story indicated that the capital ship proposal in the Hughes plan was rapidly approaching a showdown between the American and Japanese experts and that the controversy would soon be turned over to the principal delegates of the powers concerned for solution.

The Shantung question was characterized in Japanese quarters as being as good as settled. Chinese authorities simultaneously agreed that a settlement outside the Far Eastern conference was likely, faring only insistency by the conference, on having the matter liberated in committee.

The American government repudiated the suggestion that this government is considering cancellation of any part of the European war debt.

Discussion of Harding's association of nations idea continued to disclose objections from various quarters.

Senator Borah, leader of the senate irreconcilables, denounced the plan as merely another league of nations with broader powers than the Wilson league.

### REPUDIATES CONFESSION

Do Wagiac, Mich., Nov. 28.—Silas Rycher witnessed the slaying but did not murder the Monroe family, he told police today. After being taken to Cassopolis, county seat, he repudiated his murder confession, saying that a friend of his killed the three members of the Monroe family while he watched through a window according to announcements by Isa C. Hayden, prosecuting attorney.

## SEVERAL CASES ARE DISPOSED OF

Judgment of \$5,866.40 Awarded Cap-  
ital Building Co., of Indiana-  
polis in Court Today

### FORECLOSURE IS HELD UP

Preparations Made For Resumption  
of Trial of Robert Frazier  
Which Started Friday

Several legal matters set for trial today in the circuit court were continued for various reasons, and aside from a few cases being disposed of, court was quiet, and preparations were being completed for the jury case of the State against Robert Frazier, which will be tried tomorrow.

This morning the suit of the Capital Building Company of Indianapolis against Cyrus and Lillian E. Hilligoss was heard and by agreement the plaintiff was awarded judgment in the sum of \$5,866.40 on a note, and a mortgage was ordered foreclosed in order to satisfy the judgment. The mortgage, however, was withheld from being foreclosed for 90 days.

In the divorce suit of James W. Porter against Helen I. Porter, Carthage colored people, which was heard all day Saturday, the evidence was completed and the matter taken under advisement. The divorce suit was strongly contested by each side and several witnesses were introduced during the progress of the case.

The suit filed recently by Irvin Hessel and Ernest Church, against Thomas Stout, et al., a complaint to foreclose a garage lien, was dismissed in court by the plaintiff.

Sheriff Jones was busy today in summoning the 20 extra jurors who were drawn for the case tomorrow, as it is expected that a jury will be hard to secure. The case of the state against Frazier started last Friday, but after 20 jurors had been examined neither side had accepted the jury, and the case was continued until Tuesday because a main witness did not appear.

Judge Sparks this morning also ordered the jury box filled. This is the box from which the names of the prospective jurors are drawn by the jury commissioners. In the list of names drawn the other day for a special venire, four of the names drawn were men who died recently.

## NATIONAL STRIKE OF BUTCHERS SEEN

Two Thousand Union Employees of  
Kansas City go on Record  
Demanding a Walkout

### IN PROTEST OF WAGE CUT

(By United Press)  
Kansas City, Mo., Nov. 28.—A national strike of union packing employees was threatened today.

Following a meeting at which 2,000 union employees of plants in Greater Kansas City went on record demanding a walkout because of wage cuts, C. J. Hayes, international president of the Amalgamated Meat Cutters and Butchers workers, declared that if the same sentiment came from meetings in other packing centers, he would "issue a strike order by Thursday."

The wage cut to which union employees objected was accepted by "company unions" or associations of employees of the "big five" packing plants.

Chicago, Nov. 28.—Mass meetings of employees of packing companies, called by the Butchers and Meat Cutters Union in leading packing centers, threatened to strike against announced wage cuts.

The wage cuts had previously been negotiated and accepted by representatives of the company unions.

Speakers who addressed the mass meetings urged a walkout but no definite action will be taken until Wednesday when the butchers union officials will meet here to develop a plan of action.

SPECULATING ON JAPAN'S FUTURE

Government Circles Wonder Who Will Follow The Emperor in Case of His Death

CONDITION IS CRITICAL

Throughout Japan, the Natives Offer Prayers For His Discovery—Important Matters up

By CLARENCE DUBOSE (U. P. Staff Correspondent) Tokyo. (By Mail)—Throughout Japan the people are praying for the recovery of the Emperor.

In government circles there is a deep current of speculation, although little expressed, of the possibilities to follow the regency or the accession to the throne of the present crown prince.

There is wonderment, and among the conservative powers some apprehension regarding the effect upon Japan's policies at the most crucial point of her history of the Crown Prince's recent visit abroad and personal contact with European civilization.

Both conservatives and liberals realize that Japan's most vital problems, foreign and domestic, are coming to a crisis concurrently with the gravest physical condition of the Emperor. They are wondering, fearing, hoping, as the case may be, of the import to Japan at such a period of a new emperor, or a regent, who knows at first hand what none of his 122 Imperial ancestors ever knew—the ways of the world across the seas.

Besides the Washington conference, with its tremendous possibilities to Japan, these grave domestic problems are becoming increasingly acute:

1. The labor question, with strikes increasing and the laboring classes demonstrating almost daily a growing spirit of self expression and mass consciousness.

2. The increasing living-cost burden of the people, accentuated by a steadily soaring price of rice, and the fear of general "rice riots" this winter—a form of popular protest that heretofore has been serious when the staple food mounted beyond the reach of the masses.

These must be supplemented with a variety of social and economic adjustments, of uncertain result, a part of the throes of Japan's swift transformation into an industrial nation.

Another problem, less acute and immediate, but smoldering, is the feeling against high taxes for naval and military purposes and the big percentage—almost half—of the national revenues used therefor.

No one knows what is happening behind the moated, triple-walled enclosures of the great Imperial palace, where the ill Emperor, Yoshihito, remains in complete seclusion.

Prince Yamagata probably knows more than any one man. But what he doesn't know is whether Yamagata, strongest of the conservatives, will continue his great influence or whether a liberal or progressive force will supersede him.

Yamagata, very old but very virile, is one of the survivors of the first "Genro", or "elder statesmen", the group that designed and directed the destinies of the new Japan born half a century ago. He gave Japan universal military service and made its modern army. He has been the leader of the militarists, the staunchest of the conservatives, one of the most vital forces in the government. Many have called him the real ruler of Japan.

Before long Yamagata may win or lose his last big fight. Politically perhaps otherwise, Japan is at the turning point of her destiny. The progressive and conservative forces are preparing to manoeuvre for place, and throughout Japan the people are praying for the recovery of the Emperor.

MOST OF CHURCH DEBT IS PLEDGED

Continued from Page One Accepted by the board's chairman, Alva Hungerford. Other members of the board are Robert Campbell and Grant Miller. The building committee in addition to Mr. Miller is composed of Jesse Hungerford, Robert Campbell, Alva Hungerford and Elmer E. Hungerford.

Probably the most impressive service of the day was the Knowles Shaw Memorial in the afternoon, at which the memorial to the great revivalist and song writer was unveiled. The memorial is an enlarged photograph of Mr. Shaw framed with walnut from the old church which was erected in 1856. The frame was hand-made by L. A. Wagoner of the Big Flatrock congregation.

This congregation has a better right to hold a Knowles Shaw memorial than any other in the Disciples of Christ because he was a member of the Big Flatrock church and received his first inspiration which led to his career as an evangelist, in the old church which was replaced by the one dedicated Sunday.

Mr. Shaw lies buried in East Hill cemetery here, having been killed in a railroad wreck in Texas in 1878.

He was the author of "Bringing in The Sheaves," which is so widely used in churches, and is a justly celebrated revival hymn.

The memorial service consisted of the singing of songs written by Mr. Shaw and a recitation of personal recollections of Mr. Shaw by persons who knew him. George W. Thomas of this city knew Knowles Shaw well, his father having baptized the young man who later made such a name for himself as a writer of religious songs.

Mr. Thomas spoke briefly, recalling some of the characteristics of Shaw as a young man. James Whittinger of near Milroy, a step-brother of Shaw's and Mrs. Whittinger, were also present at the service Sunday. Shaw's career as an evangelist was discussed by visiting pastors who knew of him and by others who are familiar with the hymns he has written.

The memorial was opened with the singing of "The Beautiful Land," a song which Shaw wrote, and Mrs. L. A. Wagoner sang "Splitting Away," which was the song writer's favorite piece. This song was not in the books used at the Big Flatrock church and the words could not be found, until Clay Hilligoss of Colorado Springs, Colo., formerly of the Big Flatrock neighborhood, hearing that they were wanted, wrote them from memory and sent them to Rush county in time for the memorial service.

The congregation plans to hold a memorial service for Shaw on a more elaborate scale, because Sunday the dedicatory services interfered with the plans.

THREE-FOURTHS TO SCHOOLS AND ROADS

Continued from Page One Taxes refunded, \$964.49. Fees on sequestered tax, \$9,568.01. Total collections for Year, \$1,052,823.93. The state, county, townships and corporations use the money distributed to them as shown in the following tables:

State Tax	\$ 8,283.73
State Benevolent Inst.	40,814.48
State Highway	27,012.89

## MOST OF CHURCH DEBT IS PLEDGED

Sum of \$11,200 is Raised at Big  
Flatrock Christian Dedication  
Held Sunday

### THREE SERVICES DURING DAY

Shaw Memorial in Afternoon For  
Famous Revivalist and Song  
Writer, Native of County

In spite of very inclement weather which kept scores of people at home, the dedication services of the Big Flatrock Christian church, one of the oldest in central Indiana, were held Sunday and resulted in \$11,200 being raised to pay off the debt.

The new house of worship was erected around the frame work of the old church at a cost of approximately \$13,000, and there remains in the neighborhood of \$1200 or \$1300 yet to be paid in order to put the church out of debt. The money subscribed at the three services Sunday added to what had previously been subscribed, amounted to about \$11,200.

Seven persons who attended the dedication of the first church in 1856, were present Sunday.

The new edifice is of brick veneer construction and contains all of the modern improvements, including a heating plant, kitchen and commodious basement. A basket dinner was served at noon Sunday and hundreds of people enjoyed the repast, but many from a distance were unable to be present due to heavy rains.

A majority of the Christian congregations of the county were represented by delegations, including the Main Street church of Rushville, Millroy, Hanneagan, Ben Davis Creek, Glenwood, Sexton, Mays, Center, Moscow and Little Flatrock. There were also a number of persons present from Shelbyville.

The Rev. C. W. Cauble of Indianapolis officially dedicated the church at the night service and also superintended the raising of the money, which was finished in the evening. He was assisted by the Rev. W. T. Crawley, the pastor.

Although most of the evening service was devoted to the appeal for more money to meet the expense of rebuilding the church, the Rev. Mr. Cauble preached a short dedicatory sermon, "A Perfect Day" and the keys to the church were formally presented by Grant Miller, chairman of the building committee, to the board of trustees. They were accepted.

## THREE DEAD AND 26 INJURED, FIRE'S TOLL

Pall of Gloom Cast Over New Haven  
and Yale Campus by Tragedy  
in Theater's Burning

### RUINS SEARCHED FOR BODIES

(By United Press)

New Haven, Conn., Oct. 28.—Three dead and twenty-six seriously injured was the toll of casualties in the fire which destroyed the Rialto theatre here last night, Police Chief Smith announced today. Twelve of these are in hospitals and are in a critical condition. Search of the smoking ruins today failed to disclose further victims who it was feared were caught under the roof and gables of the building.

The coroner's inquest was scheduled to be held in New Haven this morning. Pending its verdict, no arrests were made.

A pall of gloom was cast over New Haven and the campus of Yale university today by the tragedy.

Great crowds gathered in the streets as near the ruins as police would permit to watch the grim work of searching the charred debris.

Fire draperies were ignited by an incense pot and in a few seconds the entire theatre was a mass of flames. Panic prevailed and those trapped in the blazing theater dashed to the exits. Terror was added to the audience when a short circuit of the wires immediately after the flash of the flames threw the house into darkness.

## RESIGNS AS LIEUTENANT

Scott Buell Leaves Co. C and Eli  
Kinney is Advanced

A change in the officers of Company C., 151st Indiana Regiment, National Guard, located in Rushville, has been made on account of the resignation of Scott Buell, first lieutenant, and his place has been taken by Eli Kinney, who formerly was second lieutenant. Sergeant William Hardwick, who has been acting as clerk for the company, also was promoted to the second lieutenant position made vacant by the advancement of Lieut. Kinney.

Mr. Buell stated that he was compelled to resign from the local company on account of his affiliations with the U. S. Grain Growers, Inc., as he could not attend drill practice at the regular weekly meetings.

## FATTY TESTIFIES IN OWN DEFENSE

Describes Actions From Time  
Virginia Rappe Was Afflicted in His  
Suite Until She Was Removed

### TELLS A CONNECTED STORY

Declares Neither Miss Rappe Al  
Semnacher nor Fay Prevost Were  
Invited to Labor Day Party

(By United Press)

San Francisco, Calif., Nov. 28.—Fatty Arbuckle, famed comedian of the movies, now on trial for manslaughter, bundled his 240 pounds from out of the defense chair today and ambled to the witness stand at the sudden call to tell the jury his version of the death of Virginia Rappe, which he is alleged to have caused.

Arbuckle walked to the stand, bumped into a chair and had difficulty in squeezing between two tables. He twisted in his chair twice and glanced down at the defense counsel's table. It was a signal for his lawyers to begin. His testimony is as follows:

"My name is Roscoe Arbuckle. I am a movie actor. Virginia Rappe came to my room at the St. Frances hotel, September 7. Mrs. Delmont was with her. She did not come by my invitation. Nor did Al Semnacher, Fay Prevost or Alice Blake. I invited Marie Taube. I was dressed in pajamas and bath robe." The both robe was placed in evidence. Fatty continued:

"About three p. m. I saw Miss Rappe in my room. I was then going out for an engagement with Miss Taube. I had seen her in the other room just previously. The door of the room was open when I saw her. I found her in the bathroom. She was on the floor in front of the toilet. She was holding her stomach. I picked her up and she vomited. I held her hair out of her face. I then wiped her face with a towel. Then I gave her a glass of water. She said she would like to lie down and I carried her to my bed. She said she had these spells often. I went to the bath room and when I came back she was on the floor writhing and moaning. I called Miss Prevost and Mrs. Delmont. When they came in she was tearing her clothing. She pulled off her dress and stockings and began pulling the lace off her garters. I told the girls to stop her and tried to help her. I went out of the room and when I came back Mrs. Delmont was rubbing her with ice. I picked up a piece of ice and Mrs. Delmont told me to get out and I told her to shut up or I would throw her out the window.

"I then had Miss Taube to call the hotel manager. When he came we put Mr. Fishback's bathrobe on Miss Rappe and carried her to another room. I carried her three-fourth of the way and Mr. Boyle took her. I then asked to get a doctor. The door leading from her room to the corridor was not locked. The window was open and the curtains up.

"Miss Rappe said nothing that anyone could understand. At no time did I tell Mr. Semnacher about the ice and Miss Rappe's body."

## THREE-FOURTHS TO SCHOOLS, ROADS

Of \$1,052,823.93 Paid in Taxes in  
Rush County This Year, Bulk  
Goes to These Two Funds

### TABLE BY THE TREASURER

Shows Uses For Money Distributed  
to State, County, Townships  
And Corporations

A compilation of taxes for the year prepared by Charles A. Frazee, county treasurer, reveals that 733 percent of all the money the taxpayers of the county paid into the county treasury went for schools and roads.

Collections on the two installments in 1921 totaled \$1,052,823.93, and of this sum \$314,884.15 will be used to pay for new roads and repair old roads, and \$459,873.37 will be used in the schools, the two making a total of \$774,757.52.

The sum spent for roads includes the money realized from the state highway tax, the county gravel road repair tax, the township gravel road repair tax, the gravel road bonds and interest tax (which is to pay the interest and meet the bonds issued to build new roads) the corporation street tax and the street oiling tax.

The sum spent for schools covers the money derived from the state school tax, the state educational fund tax, the state horizontal tax, the corporation and township tuition tax, the corporation and township special school tax, the corporation and township school bonds tax, the township and corporation library tax and the township vocational and agricultural tax.

The table prepared by the county treasurer shows to the cent exactly how the money people pay in taxes is used. The first group of figures which follows gives the amount belonging in each fund, and the remainder show how the amounts going to the state, county, township and corporations are utilized:

The total collections were distributed in funds as follows:

State Tax, \$8,283.73.  
State Benevolent Institutions \$40,814.48.  
State Highway, \$27,012.89.  
State School, \$40,388.66.  
State Educational Institutions, \$19,393.93.  
State Vocational, \$1,386.16.  
State Soldiers Memorial, \$4,140.52.  
County tax, \$121,838.04.  
Gravel Road Repair, \$69,162.37.  
Township tax, \$17,967.68.  
Tuition, \$171,265.20.  
Special school, \$176,578.20.  
Road tax township, \$67,864.32.  
Township Poor, \$4,852.25.  
Flood Bonds, \$5,546.27.  
Library tax, \$6,256.06.  
Gravel road bonds and interest, \$147,242.12.  
School Bonds, \$38,290.06.  
Agriculture and Vocational, \$6,315.10.  
Corporation tax, \$55,012.50.  
Electric and water works, \$4,741.77.  
Street Fund, \$282.63.  
City Bonds, \$3,342.03.  
Street Oiling, \$3,319.82.  
Special judges, \$230.00.  
Treas. 6 percent, \$764.64.  
Continued on Page 2

## ISSUES BAD CHECK, FINED

Herschell Carter, Colored, of Rich-  
mond, Makes Good Amount

Two arrests were made in Justice Stech's court over the week-end by John Wolter, officer in that court. Herschell Carter, colored, of Richmond was arrested in that city and returned here on a charge of issuing a fraudulent check on Otto Bassard, a garageman. He remained in jail Saturday and late Saturday night pleaded guilty and received a fine of \$100 and costs, which in all amounted to \$184.43. The fine was suspended, but the \$84.43 costs including the amount of the bad check, was paid.

Sylvia Miller was arrested on a charge filed by the Grand Hotel proprietors of evading a rooming house keeper, and he gave bond for his appearance. It is charged that he owed four weeks room rent at the hotel.

## PROSPECT FOR RED CROSS IS BRIGHTER

With \$743.65 in Hand, \$150 to Come  
From Ripley and Others In-  
complete, Officers Are Elated

### GOAL OF 1,000 MAY BE PASSED

Canvassers Still at Work in Several  
Districts—Headquarters to be  
Maintained

With \$743.65 in hand, \$150 to come in from Ripley township, incomplete reports from several townships and three townships yet to be heard from, Red Cross Roll Call officials were even more optimistic today because it is possible now that their goal of one thousand members in the Rush county chapter for 1922 will be more than realized.

Though the Roll Call officially ended last Thursday, canvassers are still at work and headquarters will still be maintained at the recorder's office in the court house, where solicitors may report or any individuals who have not solicited, may join the county chapter by leaving one dollar and their name and address.

The names of the township chairmen are again published so that persons who wish to join or renew their memberships may see them if they are not coming to Rushville soon:

Ripley, Mrs. R. H. Hill; Center, Guy McBride; Washington, Flen L. Maddy; Union (north precinct) Will Martin, (south precinct) Tom Richardson; Noble (north precinct) Roscoe Titsworth, (south precinct) John F. McKee; Richland, Walter Patton; Anderson, Mrs. Robert Ray; Orange, Dave Alter; Walker (west precinct) Rue Miller, (east precinct) Alba Harst; Posey, Ross Hutchinson; Jackson, Dr. Bowen; Rushville (outside the city) Mrs. Wood Bishop; Rushville city, Warder H. Wyatt.

Rushville city leads all of the units of the county with \$468.35 reported thus far and more canvassers to be heard from. Anderson township sent \$120 to headquarters and Center sent \$11 in addition to what had been previously reported. The first report from Posey township brought eighteen memberships with promise of more.

North Noble township yielded \$47.50 and the last report from South Noble was that \$20 had been raised and the territory had not been covered. Nothing has been received from Walker township, but the chairman of the Manilla precinct said \$50 might be expected from him. No word has been received from the chairman of the Homer precinct and Richland, Washington and Union townships are all silent as to results.

## TO DISCUSS CENTENNIAL

Meeting Called For Court House  
Assembly Room Tuesday

A meeting has been called for the assembly room of the court house Tuesday afternoon at 4:30 o'clock for the purpose of discussing plans for the observance of Rush county's centennial next year. The meeting is being held upon the suggestion and with the approval of the Indiana Historical commission.

Neighboring counties of Henry, Morgan, Johnson, Shelby, Decatur and Marion have already organized for the same purpose and it is regarded as fitting that Rush county should not fail.

### DAN SPIVEY ILL

Dan Spivey, who has been ill with bronchial trouble for the past week, was reported today to be in a serious condition, and shows little improvement.

DAYS  
LEFT  
TO SHOP

## MUST HAVE THE EVIDENCE

Attorney General May Investigate  
Standard Oil Co. (Indiana)

(By United Press)

Indianapolis, Ind., Nov. 28.—A state investigation of the Standard Oil Company (Indiana) may be started if independent companies can produce sufficient evidence to back up their "profit squeeze" charges, Attorney General U. S. Lesh said today.

Lesh said however he would not attempt the investigation without aid from federal authorities. District Attorney Frederick VanNuys refused to say whether the government would co-operate or not, stating merely that he would not be in office after next January.

Individual dealers have told Lesh the Standard disregarded state anti-trust laws although they may be within the bounds of the federal laws.

## AMERICAN PLAN STILL UNCHANGED

Japanese and British Naval Ex-  
perts at Arms Conference Are  
So Informed Today

### INFORMAL MEETING IS HELD

Japan Expects Agreement on Naval  
Armament and Far Eastern  
Question Before Christmas

(By United Press)

Washington, Nov. 28.—The American plan for limitation of naval armament stands unchanged, naval experts of Japan and Britain were told today.

This attitude of the American naval advisors was communicated to the foreign experts in an informal meeting of the naval authorities of the various powers in the Pan-American building today.

It was a reply to the latest communication from Japanese experts declaring that the American authorities made a mistake in their calculations given by this government's advisors at today's meeting of the experts.

The reply was that no mistakes had been found in the American plan. Japan, however, expects an agreement in both the naval and Far Eastern questions before Christmas, the United Press learned on good authority.

A quick and serious consistency for immediate racial rating of Chinese proposals has been announced and are being made.

One American naval advisor's story indicated that the capital ship proposal in the Hughes plan was rapidly approaching a showdown between the American and Japanese experts and that the controversy would soon be turned over to the principal delegates of the powers concerned for solution.

The Shantung question was characterized in Japanese quarters as being as good as settled. Chinese authorities simultaneously agreed that a settlement outside the Far Eastern conference was likely, barring only inconsistency by the conference, on having the matter liberated in committee.

The American government repudiated the suggestion that this government is considering cancellation of any part of the European war debt.

Discussion of Harding's association of nations idea continued to disclose objections from various quarters. Senator Borah, leader of the senate irreconcilables, denounced the plan as merely another league of nations with broader powers than the Wilson league.

### REPUDIATES CONFESSION

Do Wagiac, Mich., Nov. 28.—Silas Rycher witnessed the slaying but did not murder the Monroe family, he told police today. After being taken to Cassopolis, county seat, he repudiated his murder confession, saying that a friend of his killed the three members of the Monroe family while he watched through a window according to announcements by Isa C. Hayden, prosecuting attorney.

## SEVERAL CASES ARE DISPOSED OF

Judgment of \$5,866.40 Awarded Cap-  
ital Building Co., of Indiana-  
polis in Court Today

### FORECLOSURE IS HELD UP

Preparations Made For Resumption  
of Trial of Robert Frazier  
Which Started Friday

Several legal matters set for trial today in the circuit court were continued for various reasons, and aside from a few cases being disposed of, court was quiet, and preparations were being completed for the jury case of the State against Robert Frazier, which will be tried tomorrow.

This morning the suit of the Capital Building Company of Indianapolis against Cyrus and Lillian E. Hilligoss was heard and by agreement the plaintiff was awarded judgment in the sum of \$5,866.40 on a note, and a mortgage was ordered foreclosed in order to satisfy the judgment. The mortgage, however, was withheld from being foreclosed for 90 days.

In the divorce suit of James W. Porter against Helen I. Porter, Carthage colored people, which was heard all day Saturday, the evidence was completed and the matter taken under advisement. The divorce suit was strongly contested by each side and several witnesses were introduced during the progress of the case.

The suit filed recently by Irvin Hessel and Ernest Church, against Thomas Stout, et al., a complaint to foreclose a garage lien, was dismissed in court by the plaintiff.

Sheriff Jones was busy today in summoning the 20 extra jurors who were drawn for the case tomorrow, as it is expected that a jury will be hard to secure. The case of the state against Frazier started last Friday, but after 20 jurors had been examined neither side had accepted the jury, and the case was continued until Tuesday because a main witness did not appear.

Judge Sparks this morning also ordered the jury box filled. This is the box from which the names of the prospective jurors are drawn by the jury commissioners. In the list of names drawn the other day for a special venire, four of the names drawn were men who died recently.

## NATIONAL STRIKE OF BUTCHERS SEEN

Two Thousand Union Employees of  
Kansas City go on Record  
Demanding a Walkout

### IN PROTEST OF WAGE CUT

(By United Press)

Kansas City, Mo., Nov. 28.—A national strike of union packing employees was threatened today.

Following a meeting at which 2,000 union employees of plants in Greater Kansas City went on record demanding a walkout because of wage cuts, C. J. Hayes, international president of the Amalgamated Meat Cutters and Butchers workers, declared that if the same sentiment came from meetings in other packing centers, he would "issue a strike order by Thursday."

The wage cut to which union employees objected was accepted by "company unions" or associations of employees of the "big five" packing plants.

Chicago, Nov. 28.—Mass meetings of employees of packing companies, called by the Butchers and Meat Cutters Union in leading packing centers, threatened to strike against announced wage cuts.

The wage cuts had previously been negotiated and accepted by representatives of the company unions.

Speakers who addressed the mass meetings urged a walkout but no definite action will be taken until Wednesday when the butchers union officials will meet here to develop a plan of action.

SPECULATING ON JAPAN'S FUTURE

Government Circles Wonder Who Will Follow The Emperor in Case of His Death

CONDITION IS CRITICAL

Throughout Japan, the Natives Offer Prayers For His Discovery—Important Matters up

By CLARENCE DUBOSE (U. P. Staff Correspondent) Tokyo, (By Mail)—Throughout Japan the people are praying for the recovery of the Emperor.

In government circles there is a deep current of speculation, although little expressed, of the possibilities to follow the regency or the accession to the throne of the present crown prince.

There is wonderment, and among the conservative powers some apprehension regarding the effect upon Japan's policies at the most crucial point of her history of the Crown Prince's recent visit abroad and personal contact with European civilization.

Both conservatives and liberals realize that Japan's most vital problems, foreign and domestic, are coming to a crisis concurrently with the gravest physical condition of the Emperor. They are wondering, fearing, hoping, as the case may be, of the import to Japan at such a period of a new emperor, or a regent, who knows at first hand what none of his 122 Imperial ancestors ever knew—the ways of the world across the seas.

Besides the Washington conference, with its tremendous possibilities to Japan, these grave domestic problems are becoming increasingly acute:

1. The labor question, with strikes increasing and the laboring classes demonstrating almost daily a growing spirit of self expression and mass consciousness.

2. The increasing living-cost burden of the people, accentuated by a steadily soaring price of rice, and the fear of general "rice riots" this winter—a form of popular protest that heretofore has been serious when the staple food mounted beyond the reach of the masses.

These must be supplemented with a variety of social and economic adjustments, of uncertain result, a part of the throes of Japan's swift transformation into an industrial nation.

Another problem, less acute and immediate, but smoldering, is the feeling against high taxes for naval and military purposes and the big percentage—almost half—of the national revenues used therefor.

No one knows what is happening behind the moated, triple-walled enclosures of the great Imperial palace, where the ill Emperor, Yoshihito, remains in complete seclusion.

Prince Yamagata probably knows more than any one man. But what he doesn't know is whether Yamagata, strongest of the conservatives, will continue his great influence or whether a liberal or progressive force will supersede him.

Yamagata, very old but very virile, is one of the survivors of the first "Genro", or "elder statesmen", the group that designed and directed the destinies of the new Japan born half a century ago. He gave Japan universal military service and made its modern army. He has been the leader of the militarists, the staunchest of the conservatives, one of the most vital forces in the government. Many have called him the real ruler of Japan.

Before long Yamagata may win or lose his last big fight. Politically perhaps otherwise, Japan is at the turning point of her destiny. The progressive and conservative forces are preparing to manoeuvre for place, and throughout Japan the people are praying for the recovery of the Emperor.

MOST OF CHURCH DEBT IS PLEDGED

Continued from Page One

cepted by the board's chairman, Alva Hungerford. Other members of the board are Robert Campbell and Grant Miller. The building committee in addition to Mr. Miller is composed of Jesse Hungerford, Robert Campbell, Alva Hungerford and Elmer E. Hungerford.

Probably the most impressive service of the day was the Knowles Shaw Memorial in the afternoon, at which the memorial to the great revivalist and song writer was unveiled. The memorial was an enlarged photograph of Mr. Shaw framed with walnut from the old church which was erected in 1856. The frame was hand-made by L. A. Wagoner of the Big Flatrock congregation.

This congregation has a better right to hold a Knowles Shaw memorial than any other in the Disciples of Christ because he was a member of the Big Flatrock church and received his first inspiration which led to his career as an evangelist, in the old church which was replaced by the one dedicated Sunday.

Mr. Shaw lies buried in East Hill cemetery here, having been killed in a railroad wreck in Texas in 1878.

He was the author of "Bringing in The Sheaves," which is so widely used in churches, and is a justly celebrated revival hymn.

The memorial service consisted of the singing of songs written by Mr. Shaw and a recitation of personal recollections of Mr. Shaw by persons who knew him. George W. Thomas of this city knew Knowles Shaw well, his father having baptized the young man who later made such a name for himself as a writer of religious songs.

Mr. Thomas spoke briefly, recalling some of the characteristics of Shaw as a young man. James Whittinger of near Milroy, a step-brother of Shaw's and Mrs. Whittinger, were also present at the service Sunday. Shaw's career as an evangelist was discussed by visiting pastors who knew of him and by others who are familiar with the hymns he has written.

The memorial was opened with the singing of "The Beautiful Land," a song which Shaw wrote, and Mrs. L. A. Wagoner sang "Splitting Away," which was the song writer's favorite piece. This song was not in the books used at the Big Flatrock church and the words could not be found, until Clay Hillgoss of Colorado Springs, Colo., formerly of the Big Flatrock neighborhood, hearing that they were wanted, wrote them from memory and sent them to Rush county in time for the memorial service.

The congregation plans to hold a memorial service for Shaw on a more elaborate scale, because Sunday the dedicatory services interfered with the plans.

**MOTHER! MOVE**  
**CHILD'S BOWELS WITH**  
**CALIFORNIA FIG SYRUP**

Every mother! Even a sick child  
the "fruity" taste of "California  
Syrup" and it never fails to open  
the bowels. A teaspoonful today may  
prevent a sick child tomorrow. If con-  
stipated, bilious, feverish, fretful, has  
cough, or if stomach is sour, tongue  
coated, breath bad, remember a good  
cleansing of the little bowels is often  
all that is necessary.

Ask your druggist for genuine "Cal-  
ifornia Syrup" which has directions  
for babies and children of all ages  
printed on the bottle. Mother! You must  
say "California" or you may get an imi-  
tation.

Dorothy have gone to Battle Creek,  
Mich., to visit Mr. Logan, who is  
taking treatment at a sanatorium in  
that city. His condition is said to be  
improved, and he will return home  
in about two weeks.

—Mr. and Mrs. John Hiner, Mrs.  
Margaret Morton and son Earl, and  
Miss Freda Hiner have returned  
from a motor trip to Cleveland, Ohio,  
where they visited relatives over  
Thanksgiving. Miss Freda Hiner  
went to Shelbyville this morning to  
resume her duties in the Shelbyville  
high school and Earl Morton re-  
turned to Greencastle, where he is a  
student of DePauw University.

**NO FLOOD DANGER SEEN**  
Indianapolis Ind., Nov. 28—Flood  
danger in Indiana was not increased  
perceptibly by the incessant rainfall  
in the central part of the state yes-  
terday and last night, weather bur-  
eau officials announced today. The  
average rain fall between the Mis-  
sissippi river and the Atlantic ocean  
was an inch and a quarter. In  
Southern Indiana, the rainfall was  
much below the average.

Mountains of Australia are little  
more than foothills.

## BOOTLEG HARVEST IS ON A DECREASE

Bert Morgan, Federal Prohibition  
Commissioner, Declares Agents  
Are Enforcing The Law

### OCTOBER REPORT FILED

Shows That 20 Still Were Seized.  
61 Persons Arrested And Fines  
Totalled More Than \$5500

Indianapolis, Ind., Nov. 28—The bootleg harvest in Indiana is over. The days of golden fleece for the hip pocket Aronants are passed.

Take this from Bert Morgan, federal prohibition commissioner for Indiana.

"People of Indiana get the impression that bootlegging is on the increase," Morgan said in an interview today, "but in reality it is decreasing greatly. They get the impression because of the activities of prohibition enforcement officers who bring the illicit booze traffic to surface. The professional bootlegger is becoming obsolete."

Morgan admitted however that the private individual who "sells to his neighbors and friends" is yet to be caught. He is trying to combat this practice with his sixteen agents who comb the state from one end to the other.

"But these violators slip through Uncle Sam's fingers more easily than those who are organized for business on a big scale," said Morgan.

Morgan said the Anglo-Provesano company, whose operations centered around Lawrenceburg, is the last of the professionals in the state. He said this company operated in Cincinnati, Chicago, and the Calumet region, and that they had their own warehouses, counterfitted their own bonding labels, organized their own wholesale houses under the guise of drug stores, and operated their own transportation companies.

There are many cases of bootlegging among foreigners yet to be cleared up, he stated.

During October officers confiscated twenty stills, 265 gallons of spirits, 102 gallons of distilled spirits, 65 fermenters, 178 gallons of beer and 127 gallons of wine.

Of 61 persons arrested during October only two were acquitted. Thirty-four of these were recommended for conviction and twenty-five convicted. Fines totalled more than \$5500 and penalties and taxes reached above \$136,000.

All of these figures show about a twenty percent increase of the previous month due, not to increased violations, but increased activities of the sixteen field men which the federal government now has in the state, Morgan said.

## SPECIAL CAR WILL BE RUN

High School Prepares For Journey  
to Connersville Friday Night

The high school basketball squad will go in training this week for one of the hardest games on their schedule, when they journey over to Connersville Friday night. Special I. & C. Traction cars will be run, leaving here at six o'clock and returning leave Connersville at 9:45. The tickets for the special cars are on sale at Caron's Candy Kitchen, and those who are going must buy tickets in advance so that the required number can be sold, and enough cars chartered to handle the crowd. Only those having the special tickets can ride on the special cars, it was announced.

Photographs are gifts your family and friends will always treasure. Sit now. WALLACE, Photographer. 217t6

## HOT GAME EXPECTED FOR TUESDAY NIGHT

Odd Fellows Will Play Second Contest of Season With Moscow at Modern Appliance

### AN OPENER BY S. S. TEAMS

The Odd Fellows basketball team will play their second game of the season Tuesday night, and Moscow will no doubt prove a good attraction, as they have a team that will be hard to beat. The two teams clashed several times last year, and gave Rushville a real battle in every game. The visiting team has been playing several games this year, and on Friday night lost to Richmond by a close score.

Coach Kirkpatrick has been working out the equal this week and it is not known just how the team will probably line-up against Moscow. A squad of twelve candidates is being kept by the coach in order to get a complete working crew of players. The team will probably start tomorrow night with Shaw and Titsworth forwards; Martin, center; Aiken and Petry guards.

It also is announced that two teams in the Sunday school league will meet in the curtain raiser, with the Presbyterian and Christian teams pitted against each other. The game will be called at 7:15 sharp.

## PREPARE FOR BASKETBALL

Western Conference Teams Begin Actual Practice For Season

Chicago, Nov. 28—Western conference basketball teams set into action today for the initial strenuous practice sessions of the season. Though a few of the camps, particularly Illinois have been working two and three afternoons a week since September arduous trials have been with held until today when the football candidates report for the first time.

Most of the fives have been hard hit by graduation and it will be necessary practically to develop new teams, using one or two veterans as a nucleus. Chicago, Illinois and Purdue, leaders of last year are the logical prospects for leading honors.

## Bright Spots in News

Chicago—"Thank the Lord they ain't upliftin us; they're feeding us." So spoke Stats Ritter to Ma Greenstein who fed 700 down and outers on turkey.

St. Louis—James J. Gitcho decided alimony was better than jail. He obeyed the courts order to pay his wife alimony after spending four days in the hoosegow.

Dayton, O.—The Arkansas traveler is now touring Ohio. An engineer on a freight train today poked a gun out of the cab window and killed a rabbit. The fireman, co-operating perfectly hopped off, retrieved the rabbit and swung onto a rear car and the train passed on without change of speed.

### SIX GET LETTERS

Chicago, Nov. 28—Six members of the championship University of Illinois cross country team were awarded varsity letters by the athletic board of control. They are: Captain P. B. Duzenberry, Henri; B. B. Patterson, Houston, Tex; Gordon McGinnis, Aurora; R. Scott, Evanston; Russell Wharton, Moline; and R. E. Swanson, Prophetstown.

### CARPENTIER MAY FIGHT

Yaris, Nov. 28.—Georges Carpentier has agreed to meet Battling Siki in February if the promoters will post a forfeit and the purse money.

## 21 STUDENTS AT I. U. FROM COUNTY

Rush County is Well Represented at Indiana University This Year, According to Report

### FOURTEEN FROM RUSHVILLE

Mays, Milroy, New Salem, and Glenwood Also Have Pupils Enrolled—Nineteen States Represented

Bloomington, Ind., Nov. 28—Rush County is represented at Indiana University this year by twenty-two students: fourteen from Rushville, three from Glenwood, one from Lewisville, two from Mays one from New Salem, one from Milroy. The students from Rushville are: Wilbur Cox, Gerald Hubbard, Lenora Jones, Margaret Ball, John Flechart, John Lewis, J. L. McCride, Edna Mohr, Wm. Moore, Lillian Mullins, Dorothy Mulno, Dorothy Sparks, Harriet Smith, Katherine Wyatt; Glenwood, Ogden Dailey, Helen Reed, Garrett Reynolds; Lewisville, Clarence Atkins; Mays, Milo Aiken and Scott Poer; New Salem, Beryl Barber; Milroy, Clifford Richey.

The enrollment at the State University is larger than ever before, exceeding by 223, the enrollment in the fall of 1920. The total attendance at Bloomington is 2579, while the medical school at Indianapolis has 157 students and the training school for nurses there has sixty-three students.

Nineteen states of the Union and six foreign countries have students at Indiana University. The foreign countries are Belgium, China, Holland, Japan, Mexico and the Philippine Islands. China leads in the number of students with nine, most of whom are in the law and medical schools.

Commenting upon the reason for the large increase in the enrollment at Indiana University and at other schools this year, William J. Bryan, President of the University, makes the following statement: "So far as I can judge the chief cause for the enormous increase in the number of high school and college students throughout the country is the fact that there is more and more demand in many lines of work for men and women who have an education. Time was when in journalism, banking, manufacturing, railway management, insurance salesmanship, etc., it was thought that gumption was enough and an education a detriment.

"It is not so now. The business world discovered, as our World War Army discovered, that the educated boys have as much gumption as the others have and then they have something else which the others do not have. Our World War army made its company commissioned officers mainly of college men. Our business world is following that example. It is the demand for educated men and women which is pulling the young people into and through high school and college."

The enrollment records at the registrars office show that the Smiths, as usual, are represented by greater numbers than any other family. The list shows twenty-two Smiths; the Millers are a close second with twenty-one. The Browns come next with sixteen; the Williams family has fourteen; the Jones family thirteen and the Adams, Davis, Hall and Wilson families have eleven representatives each.

One of the unusual features of the list is thirteen different ways of spelling "Catherine". The are as follows: Catharine, Catharvyn, Cathrine, Catheryne, Kate, Katharine, Katharyn, Katherine, Kathryn, Katheryne, Kathrine, Kathryn, Kathryne.

The freshman class has two fifteen-year old prodigies in the persons of William Fox, of Bicknell, and Lottie Clyde Ray whose home is in Heltonville. Fox is the younger of the two campus "infants". His record shows that he received a number of double promotions in the grades and completed high school in three years. He is a pledge of the Phi Gamma Delta fraternity. He is a prodigy not only in his studies but on the violin as well. Miss Ray started to school at the age of six and entered high school at the age of eleven.

It is no longer considered good housekeeping to overlook, between semi-annual housecleanings, the continual accumulation of germ-breeding dirt in the depths of one's rugs. For a new standard of cleanliness, that of rugs kept totally free of dirt the year around, has been introduced by The Hoover. This efficient cleaner thereby minimizes the danger of sickness and repeatedly saves its moderate cost by preserving all rugs from wear. In one easy, rapid, dustless operation guaranteed to prolong rug life, it gently beats out all germ-laden, nap-wearing grit from beneath rug surfaces, electrically sweeps up stubbornest litter, erects trodden nap, revives color and suction cleans. Only The Hoover does all this. Get a Hoover and live in an ever-clean home.

# The HOOVER

It Beats—as it Sweeps—as it Cleans

We Will Demonstrate The Hoover in Your Home or at Our Store. Convenient Terms, if Desired.

## THE MAUZY CO.

The Pythian Sisters will hold a special meeting tomorrow night to take in a class of candidates from Laurel, Ind.

Mr. and Mrs. Will Trennepohl had as their dinner guests yesterday Mr. and Mrs. Arthur Reynolds of Glenwood and Mr. and Mrs. Ollie Brown of this city.

The Ladies Aid Society of the First United Presbyterian church will meet tomorrow afternoon at the home of Mrs. B. L. Trabue in North Harrison street.

The executive committee of the Main Street Christian church missionary society will meet in the church parlors Tuesday afternoon at 2:30 o'clock. All members are asked to be present.

Mr. and Mrs. Charles Winship entertained with a prettily appointed high noon dinner party yesterday the following guests, Mr. and Mrs. Fred Cochran and family of Newcastle, Ind., Mr. and Mrs. Eddie Carter and son Forest and Mrs. Ella Higgs.

Mr. and Mrs. Oscar Miller entertained with a Thanksgiving dinner at their beautiful country home west of the city. Covers were laid for Mr. and Mrs. Clem Woods, Mr. and Mrs. Ralph Hufferd, Mr. and Mrs. Tom Eskew and children, Mrs. Mary Miller, Mr. and Mrs. Rolla Woods, Mr. and Mrs. Orman Veatch, Billie Hufferd, Wilma Woods and Oren Veatch. The afternoon was spent socially with music.

Mrs. Oliver Fletcher pleasantly entertained the members of the Inter Nos club at her country home west of Rushville Friday afternoon. A short business session was held and a committee appointed to plan the annual Christmas turkey dinner which will be held this year at the home of Mrs. Oscar Williams. The remainder of the time was spent with needlework and music. At the close of the afternoon dainty refreshments of sandwiches, salad, cake and coffee was served by the hostess.

The members of the P. A. L. Club of Falmouth were hostess to about seventy guests Saturday evening, when they entertained at the country home of Mr. and Mrs. Ralph Elwell. The house was beautifully decorated with baskets of roses and evergreen. The attractive centerpiece for the table was a pumpkin filled with fruit. At 7:30 o'clock a delicious pitch-in supper was served, after which the entertaining committee gave a program consisting of contests, story writing, musical readings by Mrs. Howard Kehl, club prophesy, Mrs. Sherman Hill, violin and piano number, Mr. and Mrs. Bert Ochiltree.

Senator Watson Notifies State Association of His Good Wishes For Annual Campaign

DEATH RATE DECREASED

Bill off in 1920 Over Report of 1911 According to State Tuberculosis Association

Indianapolis, Ind., Nov. 26—"I am pleased to note significant decline in tuberculosis death rate in Indiana, from 155 in 1911 to 108 in 1920, and congratulate Indiana Tuberculosis Association on its share in this result," says Senator James E. Watson in a telegram received today by Murray A. Auerbach, Secretary of the Association. He adds: "I strongly commend your work and sincerely hope that this fourteenth annual Christmas Seal Sale will result in greatly increased revenue for your association. You may count on my support."

Secretary Auerbach, in announcing the receipt of the telegram, said it was typical of the assurances of support received from business men and public spirited citizens throughout the State. Senator Watson, he said, had been advised to the Indiana situation at his office in Washington, by Charles J. Hatfield, managing director of the National Tuberculosis Association. Mr. Hatfield sent a report to all the United States senators describing the national situation as regards tuberculosis, and in states where state organizations are active, told what these states have done. His letter to Senator Watson said:

"It is with great pleasure that I report to you that the campaign against tuberculosis, which the National Tuberculosis Association and its 1200 affiliated state and local associations have been conducting during the last fifteen years, is producing results that are shown in the very significant decline in the death rate. For example, the death rate from tuberculosis in the registration area has declined from 200 in 1904, when the National Tuberculosis Association was organized to 114 in 1920, a saving at the present time of over 80,000 lives a year."

"The Indiana Tuberculosis Association is carrying on its annual Christmas Seal Sale from which funds are derived for the support of the non-official work throughout your state".

Paris Coming To Life After the War.

By WEBB MILLER  
(U. P. Staff Correspondent)

Paris, Nov. 28.—For the first time since 1914, Paris is regaining her prewar outward aspect.

The Parisian subway system has just put into effect the pre-war schedule as regards number of trains and speed. During seven long years the Parisian has been forced to submit to inadequate transportation service. Any complaint was always met by the inevitable "C'est la guerre". Even with the pre-war schedule the rush-hours are reminiscent of New York because the population has increased several hundred thousand since pre-war days. And there are four rush-hours a day in Paris where thanks to the two-hour lunch period everybody goes home to luncheon.

The motor-bus companies have just extended their service by inaugurating after-theatre buses, with a flat rate of three times the ordinary first class fare. Hitherto it was necessary to haggle with the high-binding taxi-bandits to get home after the theatre, because the subways close up shortly after midnight.

After more than two years steady labor the streets are back almost in pre-war condition. Throughout the war scarcely any repairing was done and scores of miles of streets resembled a shell-pocked sector on the front. With a few exceptions where the building was entirely razed, all signs of the devastation by the German long-range gun have disappeared.

Owing to the increase in motor-transportation Parisian civic authorities are wrestling with a "traffic crisis. Several remedies have

FRISCO MAN TAKES JAZZ TO FRANCE

When H. E. Booker Gets Through France Will be Agitating The "Chemise" to American Steps

IS BEWILDERED FRENCHMEN

Europe is Just Waking up to The Dancing Craze And Moving Pictures—Comparatively Speaking

By WEBB MILLER  
(U. P. Staff Correspondent)

Paris, Nov. 28.—Howard E. Booker of San Francisco, the man who set all England dancing, inflicted American jazz bands upon the United Kingdom, and taught the stolid Britisher how to shake a wicked shimmy, and introduced the "tight little isle" to baseball, has invaded France.

When Booker gets through, France will be agitating the "chemise" to American steps, to American syncope, played by American jazz bands; also seeing movies produced by American and English artists on French soil in movie-houses financed by Americans and run by American methods.

Within twenty-four hours after setting foot on French soil, Booker signed a lease to the Apollo Theatre and started a dance-hall on a plan brand new to Frenchmen. Also in a twenty-five minute deal bought the second largest movie house in Paris for three million francs. Booker's American quick-lunch methods of business bewildered the Frenchmen so much they were suspicious of him and asked to delay the deal. It was only when he scribbled a check for one million francs to bind the contract that they decided he wasn't joking.

His first venture at the Apollo Theatre has just opened with three American jazz bands playing American tunes Booker imported. Forty-two English girls, four American girls and four Belgians to teach Frenchmen to dance the United States way. There are also four American men and eight Englishmen to teach French girls. The instructors sit in a special inclosure awaiting the summons. The would-be chemise wagger merely buys a ticket for one franc which entitles the holder to one dance with the instructor.

This is the same system Booker introduced into England at the Hammersmith Palais de Dance which had such a phenomenal success.

The Apollo has already had a striking success with 500 to 1,700 dancers every night. The hours are from midnight to four o'clock in the morning and a tea-dance from five to seven in the afternoon.

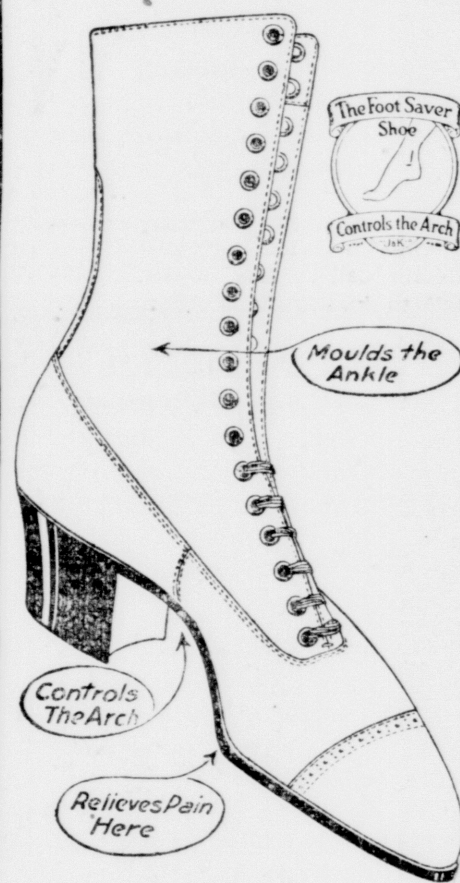

"The American man is the best natural dancer in the world", Booker said. "And the American style of steps is the best. That's why Europe is crazy over American dancing. Also the American syncopated music cannot be beaten. All Europe is dancing to our tunes—or will be when I get through. The English girl is almost as good a dancer as the American girl. The French run a bad third. And the remainder of Europe is no-where in the running."

"Europe is just waking up to the dancing craze and moving pictures—comparatively speaking. And Americans are getting in on the ground-floor for the boom that is to come."

Chicago—Only the college bred should make bread. Thus decided the American Bakers Association who started a bakers college here.

## The "FOOT SAVER" Shoe

Foot Insurance for the Future. Moulds the Foot to Graceful Lines.

Properly fitted and worn consistently, this shoe positively will insure a Perfect Foot from Youth to Old Age. The "FOOT SAVER" Shoe controls the arch gently, but firmly, moulding it and snapping it to correct lines. The arch control feature is in no way mechanical. It is a scientific principle applied to shoe building.

Come in and see them now. The "FOOT SAVER" Shoe is so scientifically constructed that it cannot be worn unless properly fitted.

## CLOSES WITH 50 CONVERTS

Revival Meetings at United Brethren Church End Sunday

The revival meetings which have been in progress at the United Brethren church in this city for the past few weeks, closed last evening with fifty conversions. Unusual interest was shown throughout the meetings and a number of people were turned away because of the small church room which was not large enough to accommodate the crowds.

Evangelist Towns was the speaker during the special services and each evening he brought an uplifting address which was very appealing to the people. Last evening a number of people were turned away from the meeting. Twelve were converted during the day and the evangelist brought a stirring address. Evangelist Towns returned to his home in Westfield, this morning.

## TWO NEAR DEATH AFTER RIOT

Chicago, Nov. 28.—Two were near death today following a midnight riot at an Italian dance. Nicholas Citro, jealous and moonshiner-crazed, shot Anthony Durante and John Petrone which caused a panic in the dance hall. Citro was a rejected suitor of Rosa, daughter of Durante, and fiancée of Petrone.

## MARRIED AT PARSONAGE

## SPEECH STIRS HORNET'S NEST

Premier Briand's Last Address Unexpectedly Bold in Criticism of Great Britain

## MAY HASTEN THE SETTLEMENT

Renews Attack Upon Germany and Charges That New Government Is in Line With The Old

By WILLIAM JENNINGS BRYAN  
(Copyright 1921 by U. P.)

Washington, Nov. 28.—Premier Briand's speech has stirred up a hornet's nest and he shows no disposition to retreat or to mollify those who have responded to him. His last speech in the U. S. was unexpectedly bold in criticism of Great Britain and Lord Curzon has with equal frankness discussed Great Britain's objection to the French program. While the quarrel has all the earmarks of a fierce fundamental dispute, it may, after all, be the best way of bringing the parties together. Some times an open rupture hastens a settlement—suppressed hostility is more likely to continue than a hostility that bursts out and compels attention.

Briand renews his attack upon Germany and charges that the new government is in line with the old and equally committed to aggression by force of arms. Great Britain evidently does not share France's fears and she certainly is in as good a position to know what Germany is doing as France is and there is no reason why Germany should feel less angered at Great Britain than

## Remember Your Friends With A Christmas Card

We have a very fine line of Christmas Cards this year—in fact, the finest that we have ever had. We invite you to step in and see them. It costs nothing to look.

## THE DAILY REPUBLICAN

## INDIAN LEADER TO VOICE OPINION

India's Delegate to Armament Conference is Expected to Give His Countries Views

## IS ELOQUENT SPEAKER

Electrified Delegates With Speeches at London Conference and The Geneva Assembly

Washington, Nov. 28.—The Hon. V. S. Srinivasi Sastri, India's delegate to the disarmament conference is expected to arise at an opportune moment of one of the Washington sittings and electricity the conference.

At the Imperial conference in London this summer, and at the recent League of Nations assembly at Geneva, he made perhaps the most eloquent speeches of the sessions in stating India's cause.

Still a young man, white-turbaned dark skinned, handsome, with firm mouth, straight nose, broad, high forehead and frand eyes, and clothes from neck to foot in a black priest-like gown Sastri, a son of poor Indian people, has become a leader in India, one of its delegates to the imperial conference and the League of Nations, a member of the British privy council—composed of notables appointed for life as advisors to the King—and, incidentally, a freeman of the City of London.

From a poverty-stricken youth, he became a school teacher in his native state of Madras. It was not long before he decided to devote his life to India's cause. He had no means; he depended upon small popular subscriptions from the people he hoped to help. First as a member of the Legislature of Madras and later as president of the Servants of India Society and a member of the Legislative Council and Council of State, he has become known in India as the "outstanding representative of moderate opinion."

Himself a moderate leader, Sastri is one of the leading fighters against the extremist separatist element in India. He believes unqualifiedly in the Empire. However, he is demanding recognition of India's claim as a British Dominion, equal to any other Dominion.

## That Knife-Like Pain

Is Only One of Nature's Warnings of Weak or Disordered Kidneys

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many Rushville people. Read this case:

Mrs. Gertie Sager, N. Sexton St., Rushville says: "Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped, sharp cutting pains were unbearable, and felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doan's Kidney Pills and got a couple boxes. They soon rid me of the trouble."

# "MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is As Bright and Cheery and Her Cheeks Are As Rosy As Ever.

SHE CAN NOW KEEP UP IN HER CLASSES

"Only a Mother Can Understand What I Suffered When I Saw My Daughter Slowly Wasting Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Tanlac," said Mrs. Mary Smith, of Peacedale, R. I., a suburb of Providence recently.

"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very sallow color, her tongue coated over, she complained of a bad taste in her mouth, dull headaches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor.

"She had always stood high in her studies, but now her reports were

so bad that her teacher called on me to find out why she had gone back so in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her.

"Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself both, were downright sick from worry over her, and yet, nothing did her any good. "One day my husband said, 'Why not have Mary try Tanlac? Each morning I have read in the papers of someone being helped by it and it may be what she needs.'

"Well, I had tried everything else, so as a last resort I had Mary try Tanlac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Tanlac is unbounded."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

## FRANCE OPENS WAY FOR INVITATIONS

Logical Result of Briand's Position is For America to Ask Germany to be Represented at Conference

WANTS HUGE STANDING ARMY  
Invitations to Conference Are in President Hardings Sole Power to Issue—America's Party

By J. W. T. MASON  
(Written for United Press)  
France has opened the way to inviting Germany to the Washington conference.

There is no other method whereby the United States can examine into the spirit of discord that is threatening Europe with a revival of militarism.

Premier Briand defends the maintenance of a huge standing army on the ground that Germany is threatening France's existence. Briand also begs for American assistance and declares that France would reduce her military force if assured that Germany will respect the peace. The logical result of Briand's position is for America to ask Germany to send a delegation to the disarmament conference.

France is likely to object to this course as showing much consideration for the Germans and as an indication that Briand's word is doubted.

But the invitations to the conference are in President Hardings sole power to issue. This is America's party.

It is not possible to find out the truth of the Franco-German situation except by hearing Germany's side of the case and by making comparisons. No harm can come to anybody by asking the Germans in. Great benefit may accrue to France that the French fears of Germany are not founded on realities. If the Washington conference can make that clear to France by an examination of German delegates it may mark the turning point in the worlds recovery.

France also fears Russia. It would do no damage to ask the Moscow government likewise to send representatives to the Washington conference. The entire world is interested in hearing what the Russians have to say. Sooner or later Germany and Russia will have to be readmitted into international competition. The sooner that is done the quicker the world will know where it stands.

## PRECAUTIONS TAKEN TO HALT CRIME WAVE

Two Murders, Scores of Burglaries, Robberies and Pistol Duels Occur in New York

\$20,000 IN FURS STOLEN

New York, Nov. 28—Precautions to halt a crime wave which has resulted in two murders, scores of burglaries robberies and pistol duels in the last few days, have been taken by police here today.

The crime carnival began when Samuel Katz, a furrier, was beaten to death by three masked men when he refused to open his safe. A short time later Anthony Genna, 40, was shot dead at his home in Brooklyn. Police said he had quarrelled with a neighbor shortly before.

The list of robberies included thousands worth of stolen goods. A fur house was entered and \$20,000 worth of undressed furs taken, from a 72nd street shop.

Three men fired on police who attempted to arrest them in Prospect park, Brooklyn. Two men were arrested after a thrilling chase and fight along Riverside Drive.

## TO ATTACK RETURNED SMALL INDICTMENTS

Copies of Motions to Quash With Specifications Are Filed With State's Attorney

NOT MADE TO DELAY TRIAL

Springfield, Ills., Nov. 28.—Each and every indictment returned against Governor Len Small and every count in them is to be attacked on the Lake county circuit court.

Copies of motions to quash, together with specifications supporting such motions were filed with state's attorney Ferd Mortimer of Sangamon county by counsel for the state executive.

The specifications declare "the governor is charged with a crime against the state of Illinois; that in all the state has set up there is no charge a law violations; that it is not even alleged the governor ever received any money belonging to the state; and that in returning indictments, the grand jury filed an "explanation of why it filed true bills which is in violation of the constitution and the statutes."

Attorneys for the governor declared their motions to quash are not made to delay the trial and that the trial will proceed immediately if the motions are denied.

## MOST OF CHURCH DEBT IS PLEDGED

Sum of \$11,200 is Raised at Big  
Flatrock Christian Dedication  
Held Sunday

### THREE SERVICES DURING DAY

Shaw Memorial in Afternoon For  
Famous Revivalist and Song  
Writer, Native of County

In spite of very inclement weather which kept scores of people at home, the dedication services of the Big Flatrock Christian church, one of the oldest in central Indiana, were held Sunday and resulted in \$11,200 being raised to pay off the debt.

The new house of worship was erected around the frame work of the old church at a cost of approximately \$13,000, and there remains in the neighborhood of \$1200 or \$1300 yet to be paid in order to put the church out of debt. The money subscribed at the three services Sunday added to what had previously been subscribed, amounted to about \$11,200.

Seven persons who attended the dedication of the first church in 1856, were present Sunday.

The new edifice is of brick veneer construction and contains all of the modern improvements, including a heating plant, kitchen and commodious basement. A basket dinner was served at noon Sunday and hundreds of people enjoyed the repast, but many from a distance were unable to be present due to heavy rains.

A majority of the Christian congregations of the county were represented by delegations, including the Main Street church of Rushville, Milroy, Hannegan, Ben Davis Creek, Glenwood, Sexton, Mays, Center, Moscow and Little Flatrock. There were also a number of persons present from Shelbyville.

The Rev. C. W. Cauble of Indianapolis officially dedicated the church at the night service and also superintended the raising of the money, which was finished in the evening. He was assisted by the Rev. W. T. Crawley, the pastor.

Although most of the evening service was devoted to the appeal for more money to meet the expense of rebuilding the church, the Rev. Mr. Cauble preached a short dedicatory sermon, "A Perfect Day" and the keys to the church were formally presented by Grant Miller, chairman of the building committee, to the board of trustees. They were acknowledged on Page Two.

## THREE DEAD AND 26 INJURED, FIRE'S TOLL

Pall of Gloom Cast Over New Haven  
and Yale Campus by Tragedy  
in Theater's Burning

### RUINS SEARCHED FOR BODIES

(By United Press)

New Haven, Conn., Oct. 28.—Three dead and twenty-six seriously injured was the toll of casualties in the fire which destroyed the Rialto theatre here last night, Police Chief Smith announced today. Twelve of these are in hospitals and are in a critical condition. Search of the smoking ruins today failed to disclose further victims who it was feared were caught under the roof and gables of the building.

The coroner's inquest was scheduled to be held in New Haven this morning. Pending its verdict, no arrests were made.

A pall of gloom was cast over New Haven and the campus of Yale university today by the tragedy.

Great crowds gathered in the streets as near the ruins as police would permit to watch the grim work of searching the charred debris.

Fire draperies were ignited by an incense pot and in a few seconds the entire theatre was a mass of flames. Panic prevailed and those trapped in the blazing theater dashed to the exits. Terror was added to the audience when a short circuit of the wires immediately after the flash of the flames threw the house into darkness.

## RESIGNS AS LIEUTENANT

Scott Buell Leaves Co. C and Eli  
Kinney is Advanced

A change in the officers of Company C, 151st Indiana Regiment, National Guard, located in Rushville, has been made on account of the resignation of Scott Buell, first lieutenant, and his place has been taken by Eli Kinney, who formerly was second lieutenant. Sergeant William Hardwick, who has been acting as clerk for the company, also was promoted to the second lieutenant position made vacant by the advancement by Lieut. Kinney.

Mr. Buell stated that he was compelled to resign from the local company on account of his affiliations with the U. S. Grain Growers, Inc., as he could not attend drill practice at the regular weekly meetings.

## FATTY TESTIFIES IN OWN DEFENSE

Describes Actions From Time Virginia Rappe Was Afflicted in His Suite Until She Was Removed

### TELLS A CONNECTED STORY

Declares Neither Miss Rappe Al Semmacher nor Fay Prevost Were Invited to Labor Day Party

(By United Press)

San Francisco, Calif., Nov. 28.—Fatty Arbuckle, famed comedian of the movies, now on trial for manslaughter, bundled his 240 pounds from out of the defense chair today and ambled to the witness stand at the sudden call to tell the jury his version of the death of Virginia Rappe, which he is alleged to have caused.

Arbuckle walked to the stand, bumped into a chair and had difficulty in squeezing between two tables. He twisted in his chair twice and glanced down at the defense counsel's table. It was a signal for his lawyers to begin. His testimony is as follows:

"My name is Roscoe Arbuckle. I am a movie actor. Virginia Rappe came to my room at the St. Francis hotel, September 7. Mrs. Delmont was with her. She did not come by my invitation. Nor did Al Semmacher, Fay Prevost or Alice Blake. I invited Marie Taube. I was dressed in pajamas and bath robe." The both robe was placed in evidence. Fatty continued:

"About three p. m. I saw Miss Rappe in my room. I was then going out for an engagement with Miss Taube. I had seen her in the other room just previously. The door of the room was open when I saw her. I found her in the bathroom. She was on the floor in front of the toilet. She was holding her stomach. I picked her up and she vomited. I held her hair out of her face. I then wiped her face with a towel. Then I gave her a glass of water. She said she would like to lie down and I carried her to my bed. She said she had these spells often. I went to the bath room and when I came back she was on the floor writhing and moaning. I called Miss Prevost and Mrs. Delmont. When they came in she was tearing her clothing. She pulled off her dress and stockings and began pulling the lace off her garters. I told the girls to stop her and tried to help her. I went out of the room and when I came back Mrs. Delmont was rubbing her with ice. I picked up a piece of ice and Mrs. Delmont told me to get out and I told her to shut up or I would throw her out the window.

"I then had Miss Taube to call the hotel manager. When he came we put Mr. Fishback's bathrobe on Miss Rappe and carried her to another room. I carried her three-fourth of the way and Mr. Boyle took her. I then asked to get a doctor. The door leading from her room to the corridor was not locked. The window was open and the curtains up.

"Miss Rappe said nothing that anyone could understand. At no time did I tell Mr. Semmacher about the ice and Miss Rappe's body."

## THREE-FOURTHS TO SCHOOLS, ROADS

Of \$1,052,823.93 Paid in Taxes in  
Rush County This Year, Bulk  
Goes to These Two Funds

### TABLE BY THE TREASURER

Shows Uses For Money Distributed  
to State, County, Townships  
And Corporations

A compilation of taxes for the year prepared by Charles A. Frazee, county treasurer, reveals that 73 1/2 percent of all the money the taxpayers of the county paid into the county treasury went for schools and roads.

Collections on the two installments in 1921 totaled \$1,052,823.93, and of this sum \$314,884.15 will be used to pay for new roads and repair old roads, and \$459,873.37 will be used in the schools, the two making a total of \$774,757.52.

The sum spent for roads includes the money realized from the state highway tax, the county gravel road repair tax, the township gravel road repair tax, the gravel road bonds and interest tax (which is to pay the interest and meet the bonds issued to build new roads) the corporation street tax and the street oiling tax.

The sum spent for schools covers the money derived from the state school tax, the state educational fund tax, the state horizontal tax, the corporation and township tuition tax, the corporation and township special school tax, the corporation and township school bonds tax, the township and corporation library tax and the township vocational and agricultural tax.

The table prepared by the county treasurer shows to the cent exactly how the money people pay in taxes is used. The first group of figures which follows gives the amount belonging in each fund, and the remainder show how the amounts going to the state, county, township and corporations are utilized:

The total collections were distributed in funds as follows:  
State Tax, \$8,283.73.

State Benevolent Institutions \$40,814.48.

State Highway, \$27,012.89.

State School, \$40,388.66.

State Educational Institutions, \$19,393.93.

State Vocational, \$1,386.16.

State Soldiers Memorial, \$4,140.52.

County tax, \$121,838.04.

Gravel Road Repair, \$69,162.37.

Township tax, \$17,967.68.

Tuition, \$171,265.20.

Special school, \$176,578.20.

Road tax township, \$67,864.32.

Township Poor, \$4,552.25.

Flood Bonds, \$5,546.27.

Library tax, \$6,256.06.

Gravel road bonds and interest, \$147,242.12.

School Bonds, \$38,290.06.

Agriculture and Vocational, \$6,315.10.

Corporation tax, \$55,012.50.

Electric and water works, \$4,741.77.

Street Fund, \$282.63.

City Bonds, \$3,342.03.

Street Oiling, \$3,319.82.

Special judges, \$230.00.

Treas. 6 percent, \$764.64.

Continued on Page 2

## ISSUES BAD CHECK, FINED

Herschell Carter, Colored, of Richmond, Makes Good Amount

Two arrests were made in Justice Steech's court over the week-end by John Wolter, officer in that court. Herschell Carter, colored, of Richmond was arrested in that city and returned here on a charge of issuing a fraudulent check on Otto Busard, a garageman. He remained in jail Saturday and late Saturday night pleaded guilty and received a fine of \$100 and costs, which in all amounted to \$184.43. The fine was suspended, but the \$84.43 costs including the amount of the bad check, was paid.

Sylvia Miller was arrested on a charge filed by the Grand Hotel proprietors of evading a rooming house keeper, and he gave bond for his appearance. It is charged that he owed four weeks room rent at the hotel.

## PROSPECT FOR RED CROSS IS BRIGHTER

With \$743.65 in Hand, \$150 to Come  
From Ripley and Others Incomplete, Officers Are Elated

### GOAL OF 1,000 MAY BE PASSED

Canvassers Still at Work in Several  
Districts—Headquarters to be Maintained

With \$743.65 in hand, \$150 to come in from Ripley township, incomplete reports from several townships and three townships yet to be heard from, Red Cross Roll Call officials were even more optimistic today because it is possible now that their goal of one thousand members in the Rush county chapter for 1922 will be more than realized.

Though the Roll Call officially ended last Thursday, canvassers are still at work and headquarters will still be maintained at the recorder's office in the court house, where solicitors may report or any individuals who have not solicited, may join the county chapter by leaving one dollar and their name and address.

The names of the township chairmen are again published so that persons who wish to join or renew their memberships may see them if they are not coming to Rushville soon:

Ripley, Mrs. R. H. Hill; Center, Guy McBride; Washington, Flem L. Maddy; Union (north precinct) Will Martin, (south precinct) Tom Richardson; Noble (north precinct) Roscoe Tittsworth, (south precinct) John F. McKee; Richland, Walter Patton; Anderson, Mrs. Robert Ray; Orange, Dave Alter; Walker (west precinct) Rue Miller, (east precinct) Alba Harst; Posey, Ross Hutchinson; Jackson, Dr. Bowen; Rushville (outside the city) Mrs. Wood Bishop; Rushville city, Warder H. Wyatt.

Rushville city leads all of the units of the county with \$468.35 reported thus far and more canvassers to be heard from. Anderson township sent \$120 to headquarters and Center sent \$11 in addition to what had been previously reported. The first report from Posey township brought eighteen memberships with promise of more.

North Noble township yielded \$47.50 and the last report from South Noble was that \$20 had been raised and the territory had not been covered. Nothing has been received from Walker township, but the chairman of the Manila precinct said \$50 might be expected from him. No word has been received from the chairman of the Homer precinct and Richland, Washington and Union townships are all silent as to results.

## TO DISCUSS CENTENNIAL

Meeting Called For Court House  
Assembly Room Tuesday

A meeting has been called for the assembly room of the court house Tuesday afternoon at 4:30 o'clock for the purpose of discussing plans for the observance of Rush county's centennial next year. The meeting is being held upon the suggestion and with the approval of the Indiana Historical commission.

Neighboring counties of Henry, Morgan, Johnson, Shelby, Decatur and Marion have already organized for the same purpose and it is regarded as fitting that Rush county should not fail.

## DAN SPIVEY ILL

Dan Spivey, who has been ill with bronchial trouble for the past week, was reported today to be in a serious condition, and shows little improvement.

## MUST HAVE THE EVIDENCE

Attorney General May Investigate  
Standard Oil Co. (Indiana)

(By United Press)

Indianapolis, Ind., Nov. 28.—A state investigation of the Standard Oil Company (Indiana) may be started if independent companies can produce sufficient evidence to back up their "profit squeeze" charges, Attorney General U. S. Lesh said today.

Lesh said however he would not attempt the investigation without aid from federal authorities. District Attorney Frederick VanNuy's refused to say whether the government would co-operate or not, stating merely that he would not be in office after next January.

Individual dealers have told Lesh the Standard disregarded state anti-trust laws although they may be within the bounds of the federal laws.

## AMERICAN PLAN STILL UNCHANGED

Japanese and British Naval Experts at Arms Conference Are So Informed Today

### INFORMAL MEETING IS HELD

Japan Expects Agreement on Naval  
Armament and Far Eastern  
Question Before Christmas

(By United Press)

Washington, Nov. 28.—The American plan for limitation of naval armament stands unchanged, naval experts of Japan and Britain were told today.

This attitude of the American naval advisors was communicated to the foreign experts in an informal meeting of the naval authorities of the various powers in the Pan-American building today.

It was a reply to the latest communication from Japanese experts declaring that the American authorities made a mistake in their calculations given by this government's advisors at today's meeting of the experts.

The reply was that no mistakes had been found in the American plan. Japan, however, expects an agreement in both the naval and Far Eastern questions before Christmas, the United Press learned on good authority.

A quick and serious consistency for immediate racial rating of Chinese proposals has been announced and are being made.

One American naval advisor's story indicated that the capital ship proposal in the Hughes plan was rapidly approaching a showdown between the American and Japanese experts and that the controversy would soon be turned over to the principal delegates of the powers concerned for solution.

The Shantung question was characterized in Japanese quarters as being as good as settled. Chinese authorities simultaneously agreed that a settlement outside the Far Eastern conference was likely, barring only insistence by the conference, on having the matter liberated in committee.

The American government repudiated the suggestion that this government is considering cancellation of any part of the European war debt.

Discussion of Harding's association of nations idea continued to disclose objections from various quarters.

Senator Borah, leader of the senate irreconcilables, denounced the plan as merely another league of nations with broader powers than the Wilson league.

## REPUDIATES CONFESSION

Do Wagiae, Mich., Nov. 28.—Silas Rycher witnessed the slaying but did not murder the Monroe family, he told police today. After being taken to Cassopolis, county seat, he repudiated his murder confession, saying that a friend of his killed the three members of the Monroe family while he watched through a window according to announcements by Isa C. Hayden, prosecuting attorney.

## SEVERAL CASES ARE DISPOSED OF

Judgment of \$5,866.40 Awarded Capital Building Co., of Indianapolis in Court Today

### FORECLOSURE IS HELD UP

Preparations Made For Resumption of Trial of Robert Frazier Which Started Friday

Several legal matters set for trial today in the circuit court were continued for various reasons, and aside from a few cases being disposed of, court was quiet, and preparations were being completed for the jury case of the State against Robert Frazier, which will be tried tomorrow.

This morning the suit of the Capital Building Company of Indianapolis against Cyrus and Lillian E. Illigoss was heard and by agreement the plaintiff was awarded judgment in the sum of \$5,866.40 on a note, and a mortgage was ordered foreclosed in order to satisfy the judgment. The mortgage, however, was withheld from being foreclosed for 90 days.

In the divorce suit of James W. Porter against Helen I. Porter, Carthage colored people, which was heard all day Saturday, the evidence was completed and the matter taken under advisement. The divorce suit was strongly contested by each side and several witnesses were introduced during the progress of the case.

The suit filed recently by Irvin Hessel and Ernest Church, against Thomas Stout, et al., a complaint to foreclose a garage lien, was dismissed in court by the plaintiff.

Sheriff Jones was busy today in summoning the 20 extra jurors who were drawn for the case tomorrow, as it is expected that a jury will be hard to secure. The case of the state against Frazier started last Friday, but after 20 jurors had been examined neither side had accepted the jury, and the case was continued until Tuesday because a main witness did not appear.

Judge Sparks this morning also ordered the jury box filled. This is the box from which the names of the prospective jurors are drawn by the jury commissioners. In the list of names drawn the other day for a special venire, four of the names drawn were men who died recently.

## NATIONAL STRIKE OF BUTCHERS SEEN

Two Thousand Union Employees of  
Kansas City go on Record  
Demanding a Walkout

### IN PROTEST OF WAGE CUT

(By United Press)

Kansas City, Mo., Nov. 28.—A national strike of union packing employees was threatened today.

Following a meeting at which 2,000 union employees of plants in Greater Kansas City went on record demanding a walkout because of wage cuts, C. J. Hayes, international president of the Amalgamated Meat Cutters and Butchers workers, declared that if the same sentiment came from meetings in other packing centers, he would "issue a strike order by Thursday."

The wage cut to which union employees objected was accepted by "company unions" or associations of employees of the "big five" packing plants.

Chicago, Nov. 28.—Mass meetings of employees of packing companies, called by the Butchers and Meat Cutters Union in leading packing centers, threatened to strike against announced wage cuts.

The wage cuts had previously been negotiated and accepted by representatives of the company unions.

Speakers who addressed the mass meetings urged a walkout but no definite action will be taken until Wednesday when the butchers union officials will meet here to develop a plan of action.

# SPECULATING ON JAPAN'S FUTURE

Government Circles Wonder Who Will Follow The Emperor in Case of His Death

## CONDITION IS CRITICAL

Throughout Japan, the Natives Offer Prayers For His Recovery—Important Matters up

By CLARENCE DUBOSE (U. P. Staff Correspondent) Tokyo. (By Mail)—Throughout Japan the people are praying for the recovery of the Emperor. In government circles there is a deep emotion of speculation, although little expressed, of the possibilities to follow the regency or the accession to the throne of the present crown prince.

There is wonderment, and among the conservative powers some apprehension regarding the effect upon Japan's policies at the most crucial point of her history of the Crown Prince's recent visit abroad and personal contact with European civilization.

Both conservatives and liberals realize that Japan's most vital problems, foreign and domestic, are coming to a crisis concurrently with the gravest physical condition of the Emperor. They are wondering, fearing, hoping, as the case may be, of the import to Japan at such a period of a new emperor, or a regent, who knows at first hand what none of his 122 Imperial ancestors ever knew—the ways of the world across the seas.

Besides the Washington conference, with its tremendous possibilities to Japan, these grave domestic problems are becoming increasingly acute:

1. The labor question, with strikes increasing and the laboring classes demonstrating almost daily a growing spirit of self expression and mass consciousness.

2. The increasing living-cost burden of the people, accentuated by a steadily soaring price of rice, and the fear of general "rice riots" this winter—a form of popular protest that heretofore has been serious when the staple food mounted beyond the reach of the masses.

These must be supplemented with a variety of social and economic adjustments, of uncertain result, a part of the throes of Japan's swift transformation into an industrial nation.

Another problem, less acute and immediate, but smoldering, is the feeling against high taxes for naval and military purposes and the big percentage—almost half—of the national revenues used therefor.

No one knows what is happening behind the moated, triple-walled enclosures of the great Imperial palace, where the ill Emperor, Yoshihito, remains in complete seclusion.

Prince Yamagata probably knows more than any one man. But what he doesn't know is whether Yamagata, strongest of the conservatives, will continue his great influence or whether a liberal or progressive force will supersede him.

Yamagata, very old but very virile, is one of the survivors of the first "Genro", or "elder statesmen", the group that designed and directed the destinies of the new Japan born half a century ago. He gave Japan universal military service and made its modern army. He has been the leader of the militarists, the staunchest of the conservatives, one of the most vital forces in the government. Many have called him the real ruler of Japan.

Before long Yamagata may win or lose his last big fight. Politically perhaps otherwise, Japan is at the turning point of her destiny. The progressive and conservative forces are preparing to manoeuvre for place, and throughout Japan the people are praying for the recovery of the Emperor.

## Cleveland Produce

Cleveland, O., Nov. 28.—Butter extra in tubs 51a52; prints 52a 53; extra firsts 50a51; first 49a 50; seconds 41a42; packing stock 28a29.

## MOST OF CHURCH DEBT IS PLEDGED

Continued from Page One  
cepted by the board's chairman, Alva Hungerford. Other members of the board are Robert Campbell and Grant Miller. The building committee in addition to Mr. Miller is composed of Jesse Hungerford, Robert Campbell, Alva Hungerford and Elmer E. Hungerford.

Probably the most impressive service of the day was the Knowles Shaw Memorial in the afternoon, at which the memorial to the great revivalist and song writer was unveiled. The memorial was an enlarged photograph of Mr. Shaw framed with walnut from the old church which was erected in 1856. The frame was hand-made by L. A. Wagoner of the Big Flatrock congregation.

This congregation has a better right to hold a Knowles Shaw memorial than any other in the Disciples of Christ because he was a member of the Big Flatrock church and received his first inspiration which led to his career as an evangelist, in the old church which was replaced by the one dedicated Sunday.

Mr. Shaw lies buried in East Hill cemetery here, having been killed in a railroad wreck in Texas in 1878.

He was the author of "Bringing in The Sheaves," which is so widely used in churches, and is a justly celebrated revival hymn.

The memorial service consisted of the singing of songs written by Mr. Shaw and a recitation of personal recollections of Mr. Shaw by persons who knew him. George W. Thomas of this city knew Knowles Shaw well, his father having baptized the young man who later made such a name for himself as a writer of religious songs.

Mr. Thomas spoke briefly, recalling some of the characteristics of Shaw as a young man. James Whittinger of near Milroy, a step-brother of Shaw's, and Mrs. Whittinger, were also present at the service Sunday. Shaw's career as an evangelist was discussed by visiting pastors who knew of him and by others who are familiar with the hymns he has written.

The memorial was opened with the singing of "The Beautiful Land," a song which Shaw wrote, and Mrs. L. A. Wagoner sang "Splitting Away," which was the song writer's favorite piece. This song was not in the books used at the Big Flatrock church and the words could not be found, until Clay Hillgoss of Colorado Springs, Colo., formerly of the Big Flatrock neighborhood, hearing that they were wanted, wrote them from memory and sent them to Rush county in time for the memorial service.

The congregation plans to hold a memorial service for Shaw on a more elaborate scale, because Sunday the dedicatory services interfered with the plans.

## THREE-FOURTHS TO SCHOOLS AND ROADS

Continued from Page One  
Taxes refunded, \$904.49.  
Fees on sequestered tax, \$9,568.01.  
Total collections for Year, \$1,052,823.93.  
The state, county, townships and corporations use the money distributed to them as shown in the following tables:

State Tax	\$ 8,283.73
State Benevolent Inst.	40,814.48
State Highway	27,012.89

## Pay The Fiddler

Persons who complain about high taxes are referred to the fact that three-fourths of the money paid in taxes in Rush county this year went for roads and schools. All of which goes to prove that if you want the fiddler to play, you must pay him.

It is quite the fact to complain about taxes, but complaints accomplish nothing after the taxes are levied because they must be paid or by process of laws they will be collected. The natural conclusion is that if taxpayers want their taxes reduced, they must act at the source of taxation and register their kicks when they really count.

No intelligent person will rightfully blame high taxes on the state legislature when they raise the salary of some official or one mill is added to some state fund. The bulk of the money, as has always been contended and which is proved by the county treasurer's table, goes

for local purposes and may be controlled by the people who pay it.

But it is a question whether taxpayers wish to reduce taxes by curtailing the amount spent on the schools and the highways, the two principal factors in American progress. Right-thinking people will never begrudge a cent spent on schools in preparing boys and girls for intelligent citizenship, for upon their shoulders rests the responsibility for the future of the United States. It is admitted that schools cost money, but no person with the welfare of their country at heart, will argue that we should cut down school appropriations and lessen the opportunities for boys and girls to make the most out of life. That would be contrary to American ideals and would make a mockery of our boasted freedom.

The expenditures for roads is a different matter. A study of the highway problem indicates that different methods might save taxpayers money. Instead of building expensive roads and leaving them alone until they wear out before repairs are made, taxpayers might make money by insisting that a system of maintenance of county roads be instituted, similar to that used by the state highway department.

This year we are paying out \$147,242.12 to pay the interest on bonds and to meet bonds falling due, which were issued to build new roads. Against this figure is \$60,162.37 for gravel road repair and \$67,864.32 for township road tax. By raising these figures slightly and demanding more intelligent attention of county and township roads with a patrol maintenance system, we could cut down the expense of new roads. And in addition, we would have much better roads the year around. The tendency is for less expensive roads and more systematic attention to old roads, and the sooner Rush county follows this practice, just that much sooner will tax burdens be lessened and we will be blessed with better roads.

Postmaster Hays has issued a new order giving equal a chance by permitting women postmistresses to hold office without taking another examination after marriages, all of which leads to the conclusion that if the poor deluded women have to provide the daily bread, they should remain in the single class.

The man who first called is Xmas must have done so because he managed to squeeze past with one ten-dollar bill. But that was in the old days.

It would be just like those egotistical Germans to be the originals in naval disarmament because they scrapped their navy at the bottom of Scappa Flow.

United States taxes for 1921 dropped by one billion dollars, but no one has heard the third hereabouts.

## From The Provinces

Why Wheat is Cheaper  
(Copper's Weekly)

Among the "grain wire's" reasons for the recent slump in wheat when it dropped below the dollar mark, is the failure of China to meet a \$5,000,000 loan and a country bank on a flat tire in Nebraska. Luckily the schoolhouse at Oshkosh didn't burn or wheat might now be as worthless as the German mark.

Gerry Went Just Too Far  
(Columbus Dispatch)

It seems that Mr. Tellegen suffered in silence such insults as being slapped in the face and locked out of his home, but to have Geraldine awaken him in the middle of the night to listen to her poetical effusions was a little more than he could bear.

A Hint That Wasn't Taken  
(Dallas News)

Percy Noodles says that when he asked the capitalist's daughter to guess where he would eat his Thanksgiving dinner, she said she hadn't heard where the Salvation Army would set its table.

A Saving Voice  
(Arkansas Thomas Cat)

Pete Rushing, who is taking singing lessons, told his wife the other day that some time in the future his voice might keep the wolf from their door. She said she was sure of it, if the wolf ever heard it.

Still We Let 'Em Vote  
(Buffalo Express)

When we asked the sweet young thing if her grandfather was an octogenarian, she whispered: "Really, it's an awful thing to say, but grandpa was never much of a churchman."

The Harder the Easier  
(Chicago News)

"Cider must be hard to sell," cryptically remarks the St. Joseph (Mo.) Gazette. You are supposed to furnish your own comma, if you want one.

The Thoughtful Husband  
(Marion Star)

Occasionally one finds a man so conscientious about letting his wife run the house that he lets her run the furnace, also.

(Washington Post)

It makes no difference if praise has turned Charlie Chaplin's head so long as he continues to turn his feet.

It's Mud Now  
(Kansas City Star)

We wonder what finally became of the old-fashioned dust that the redskins used to bite so frequently.

## NOTICE

The party is known, that stole the 250 feet of cable wire near the Graham school and if not returned in the near future, they will be prosecuted.

## A Laugh Or Two

## There's a Difference

Jess Pugh recently was headed for Laverne, Wisconsin, to give a concert. The conductor on the train shouted "Laverne, Laverne," and Jess and his company piled out on the station platform.

Just to be sure he was right, Jess inquired of one of the natives on the platform:

"This is Laverne, isn't it?"

"Yes," replied the person addressed.

Still Jess did not feel exactly satisfied and he said:

"Laverne, Wisconsin, I suppose?"

"No," came back the reply, "Laverne, Minnesota."

Jess and his company hopped back on the train in the proverbial "nick of time" and by riding all night reached the place of their engagement.

## Rather Cylindrical!

Ernest Truax has a friend in the automobile business who is very enthusiastic over the AyVeeBee movie comedian's stage success, "Six Cylinder Love." It seems that the auto man takes prospective buyers to the Truax show to increase their interest in motor cars. He stopped Ernest up at Columbus Circle, New York City, the other day to tell him this news:

"I invited a fellow from Rochester to see 'Six Cylinder Love' a few nights ago, but he said that he had an eight cylinder car and wasn't interested in anything below that power."

"Well," retorted Truax, "tell him to see it twice. That'll make it a twin-six for your eight cylinder man."

## AMUSEMENTS

## Good Comedy at Mystic

The most desirable thing in the world today is a laugh. The man or woman who can make the public laugh, whether it be a full grown roar or a scarcely audible titter, possesses an asset of no mean value.

Of all the young women film stars now envying on the silver screen probably none is so proficient at "getting the laughs" as Miss Doris May, the vivacious young star who appears in "The Foolish Age," a Hunt Stromberg Production released by R.C. Pictures and now being screened at the Mystic today and Tuesday.

"The Foolish Age" is based upon an idea that lends itself admirably to rapid-fire comedy. For instance, Miss May interprets the part of Margie Carr, the debutante daughter of a fond and wealthy father. Said father desires to have his daughter's marriage regulated by the wealth of his prospective son-in-law but Margie intends to have it some other way. She has a big idea. She wants to uplift the poor and downtrodden. So she quits the college she has been attending, and puts her idea into effect. This opens the way to scores of laughs.

Margie goes into the slums and begins her work of uplifting. She takes some of her subjects into the upper strata of society in which she herself is accustomed to move and their antics furnish fun without end. Some of the foremost comedies of the screen appear in the cast. There is, for instance, Otis Harlan, whose girl has been a target for laughs for years on the musical comedy stage. Bull Montana, Billy Elmer and Spike Robinson are some of the other funmakers who keep laughs rippling throughout the story.

## ROBBED OF \$3800

Chicago, Nov. 28—Charles Arsenau Kankakee, Ill., a baker at 38th street and Lake Park was shot through the head and shoulder by holdup men last night, who relieved of \$3800. Arsenau was taken to a hospital. He is expected to live.

Yeast Vitamon Tablets  
Greatest Complexion Secret

Banishes Skin Eruptions, Puts On firm Flesh.

If you want to quickly clear your skin and complexion, put on firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent better, simply try taking a few of Mastin's tiny yeast VITAMON Tablets with each meal and watch results. In highly concentrated yeast-vitamins as well as the two most important vitamins (Fat soluble A and Water Soluble C), they positively will not upset the stomach or cause gas but, on the contrary, are a great aid to digestion, to overcome constipation. Pimples, boils and skin eruptions of the whole body vanish like magic under their purifying influence, the complexion becomes fresh and bright, the cheeks rosy instead of pale, the lips instead of colorless, the eyes bright instead of dull. So rapid and amazing are the results that success is absolutely guaranteed or your money back. Be sure to get the name—Mastin's VITAMON—the original and genuine yeast-vitamin tablet. Beware of cheap imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

OF What Use Are Beautiful Features if You Have an Ugly Skin, Flabby Flesh, Hollow Cheeks or a Scrawny Neck? Mastin's VITAMON Tablets are Positively Guaranteed to Give You New Health, Beauty and a More Rounded Face and Figure.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

if it isn't MASTIN'S it isn't VITAMON

## BOOTLEG HARVEST IS ON A DECREASE

Bert Morgan, Federal Prohibition  
Commissioner, Declares Agents  
Are Enforcing The Law

### OCTOBER REPORT FILED

Shows That 20 Stills Were Seized,  
61 Persons Arrested And Fines  
Totalled More Than \$5500

Indianapolis, Ind., Nov. 28—The bootleg harvest in Indiana is over. The days of golden fleece for the hip pocket Aronants are passed.

Take this from Bert Morgan, federal prohibition commissioner for Indiana.

"People of Indiana get the impression that bootlegging is on the increase," Morgan said in an interview today, "but in reality it is decreasing greatly. They get the impression because of the activities of prohibition enforcement officers who bring the illicit booze traffic to surface. The professional bootlegger is becoming obsolete."

Morgan admitted however that the private individual who "sells to his neighbors and friends" is yet to be caught. He is trying to combat this practice with his sixteen agents who comb the state from one end to the other.

"But these violators slip through Uncle Sam's fingers more easily than those who are organized for business on a big scale," said Morgan.

Morgan said the Anglo-Provesano company, whose operations centered around Lawrenceburg, is the last of the professionals in the state. He said this company operated in Cincinnati, Chicago, and the Calumet region, and that they had their own warehouses, counterfeited their own bonding labels, organized their own wholesale houses under the guise of drug stores, and operated their own transportation companies.

There are many cases of bootlegging among foreigners yet to be cleared up, he stated.

During October officers confiscated twenty stills, 265 gallons of spirits, 102 gallons of distilled spirits, 63 fermenters, 178 gallons of beer and 127 gallons of wine.

Of 61 persons arrested during October only two were acquitted. Thirty-four of these were recommended for conviction and twenty-five convicted. Fines totalled more than \$5500 and penalties and taxes reached above \$136,000.

All of these figures show about a twenty percent increase of the previous month due, not to increased violations, but increased activities of the sixteen field men which the federal government now has in the state, Morgan said.

## SPECIAL CAR WILL BE RUN

High School Prepares For Journey  
to Connersville Friday Night

The high school basketball squad will go in training this week for one of the hardest games on their schedule, when they journey over to Connersville Friday night. Special I. & C. Traction cars will be run, leaving here at six o'clock and returning leave Connersville at 9.45. The tickets for the special cars are on sale at Caron's Candy Kitchen, and those who are going must buy tickets in advance so that the required number can be sold, and enough cars chartered to handle the crowd. Only those having the special tickets can ride on the special cars, it was announced.

Photographs are gifts your family and friends will always treasure. Sit now. WALLACE, Photographer. 21716

## HOT GAME EXPECTED FOR TUESDAY NIGHT

Odd Fellows Will Play Second Contest of Season With Moscow  
at Modern Appliance

### AN OPENER BY S. S. TEAMS

The Odd Fellows basketball team will play their second game of the season Tuesday night, and Moscow will no doubt prove a good attraction, as they have a team that will be hard to beat. The two teams clashed several times last year, and gave Rushville a real battle in every game. The visiting team has been playing several games this year, and on Friday night lost to Richmond by a close score.

Coch Kirkpatrick has been working out the equal this week and it is not known just how the team will probably line-up against Moscow. A squad of twelve candidates is being kept by the coach in order to get a complete working crew of players. The team will probably start tomorrow night with Shaw and Titsworth forwards; Martin, center; Aiken and Petry guards.

It also is announced that two teams in the Sunday school league will meet in the curtain raiser, with the Presbyterian and Christian teams pitted against each other. The game will be called at 7:15 sharp.

## PREPARE FOR BASKETBALL

Western Conference Teams Begin  
Actual Practice For Season

Chicago, Nov. 28—Western conference basketball teams set into action today for the initial strenuous practice sessions of the season. Though a few of the camps, particularly Illinois have been working two and three afternoons a week since September arduous trials have been with held until today when the football candidates report for the first time.

Most of the fives have been hard hit by graduation and it will be necessary practically to develop new teams, using one or two veterans as a nucleus. Chicago, Illinois and Purdue, leaders of last year are the logical prospects for leading honors.

## Bright Spots in News

Chicago—"Thank the Lord they ain't upliffin us; they're feeding us." So spoke Shuts Ritter to Ma Greenstein who fed 700 down and outers on turkey.

St. Louis—James J. Gitchie decided alimony was better than jail. He obeyed the courts order to pay his wife alimony after spending four days in the housegaw.

Dayton, O.—The Arkansas traveler is now touring Ohio. An engineer on a freight train today poked a gun out of the cab window and killed a rabbit. The fireman, co-operating perfectly hopped off, retrieved the rabbit and swung onto a rear car and the train passed on without change of speed.

### SIX GET LETTERS

Chicago, Nov. 28—Six members of the championship University of Illinois cross country team were awarded varsity letters by the athletic board of control. They are: Captain P. B. Duzenberry, Henri; B. B. Patterson, Houston, Tex; Gordon McGinnis, Aurora; R. Scott, Evanston; Russell Wharton, Moline; and R. E. Swanson, Prophetstown.

### CARPENTIER MAY FIGHT

Yavis, Nov. 28.—Georges Carpentier has agreed to meet Battling Siki in February if the promoters will post a forfeit and the purse money.

## 21 STUDENTS AT I. U. FROM COUNTY

Rush County is Well Represented at  
Indiana University This Year, According to Report

### FOURTEEN FROM RUSHVILLE

Mays, Milroy, New Salem, and Glenwood Also Have Pupils Enrolled  
—Nineteen States Represented

Bloomington, Ind., Nov. 28—Rush County is represented at Indiana University this year by twenty-two students: fourteen from Rushville, three from Glenwood, one from Lewisville, two from Mays one from New Salem, one from Milroy. The students from Rushville are: Wilbur Cox, Gerald Hubbard, Lenora Jones, Margaret Ball, John Fleehart, John Lewis, J. L. McCride, Edna Mohr, Wm. Moore, Lillian Mullins, Dorothy Mulno, Dorothy Sparks, Harriet Smith, Katherine Wyatt; Glenwood, Ogden Dailey, Helen Read, Garrett Reynolds; Lewisville, Clarence Atkins; Mays, Milo Aiken and Scott Poer; New Salem, Beryl Barber; Milroy, Clifford Richey.

The enrollment at the State University is larger than ever before, exceeding by 223, the enrollment in the fall of 1920. The total attendance at Bloomington is 2579, while the medical school at Indianapolis has 157 students and the training school for nurses there has sixty-three students.

Nineteen states of the Union and six foreign countries have students at Indiana University. The foreign countries are Belgium, China, Holland, Japan, Mexico and the Philippine Islands. China leads in the number of students with nine, most of whom are in the law and medical schools.

Commenting upon the reason for the large increase in the enrollment at Indiana University and at other schools this year, William J. Bryan, President of the University, makes the following statement: "So far as I can judge the chief cause for the enormous increase in the number of high school and college students throughout the country is the fact that there is more and more demand in many lines of work for men and women who have an education. Time was when in journalism, banking, manufacturing, railway management, insurance salesmanship, etc., it was thought that gumption was enough and an education a detriment.

"It is not so now. The business world discovered, as our World War Army discovered, that the educated boys have as much gumption as the others have and then they have something else which the others do not have. Our World War army made its company commissioned officers mainly of college men. Our business world is following that example. It is the demand for educated men and women which is pulling the young people into and through high school and college."

The enrollment records at the registrar's office show that the Smiths, as usual, are represented by greater numbers than any other family. The list shows twenty-two Smiths; the Millers are a close second with twenty-one. The Browns come next with sixteen; the Williams family has fourteen; the Jones family thirteen and the Adams, Davis, Hall and Wilson families have eleven representatives each.

One of the unusual features of the list is thirteen different ways of spelling "Catherine". The are as follows: Catharine, Catharyn, Catharine, Catheryne, Kate, Katharine, Katharyn, Katherine, Katheryn, Kathryne, Kathrine, Kathryn, Kathryne.

The freshman class has two fifteen-year old prodigies in the persons of William Fox, of Bicknell, and Lottie Clyde Ray whose home is in Heltonville. Fox is the younger of the two campus "infants". His record shows that he received a number of double promotions in the grades and completed high school in three years. He is a pledge of the Phi Gamma Delta fraternity. He is a prodigy not only in his studies, but on the violin as well. Miss Ray started to school at the age of six and entered high school at the age of eleven.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

Mrs. Wade Sherman will entertain the War Mothers with a tea at her home in North Harrison street Wednesday evening at eight o'clock.

The Ladies Aid society of the First Baptist church will hold the regular monthly meeting at the church Wednesday afternoon at two o'clock. All the ladies of the church are urged to be present.

The Industrial Club will hold its regular November meeting Wednesday at the home of Mrs. Malinda Young, 330 West Seventh street. A pitch-in dinner will be served at noon. All the members are cordially invited and requested to come prepared to sew.

Invitations have been issued for luncheon-bridge parties on Tuesday and Wednesday afternoons at the home of Miss Christina Stiers corner of Perkins and Seventh streets. Miss Stiers, Mrs. Guy Mulbarger, Mrs. Wilbur Stiers and Miss Bertha Helm will be the hostesses.

Mr. and Mrs. Guy Mulbarger entertained with a family turkey dinner Saturday at high noon at their home in North Harrison street. Covers were laid for Mr. and Mrs. Edward Frazer of Orange, Mr. and Mrs. Howard Mahin and son of Arlington and Mr. and Mrs. E. R. Casady and family.

Mrs. Hattie Aldridge and daughter Alice entertained with a prettily appointed dinner party yesterday at their home southwest of the city. Covers were laid for Mr. and Mrs. Lem Warren of this city, Mr. and Mrs. Cleve Geise and sons Lowell and Loren and Mr. and Mrs. Horatio Sampson and son Mull.

Mr. and Mrs. J. R. Abernathy and Mr. and Mrs. Charles Abernathy living west of the city, spent Thanksgiving in Indianapolis and attended the twentieth wedding anniversary of Mr. and Mrs. Orville W. Graham of near Irvington. Mrs. Graham is a daughter of Mr. and Mrs. J. R. Abernathy.

The following from the Alexandria Times-Tribune describes a meeting of the Crescendo club in Alexandria one evening last week, at which Mrs. Walter E. Smith of this city was a guest and assisted in the program:

Mrs. J. E. Shawhan very delightfully entertained the Crescendo club last evening at her home in East Fourth street. This was the annual affair of the social committee as they are given one meeting each year, at which time they furnish the entertainment. One feature of the very fine program was Mrs. Walter E. Smith, a talented violinist, of Rushville. Mrs. Smith was formerly Miss Hazel Thomas, of Summitville, and a member of the Crescendo club. After the program the meeting was of a social nature during which time Mrs. Smith again gave several numbers. Delicious refreshments were served. The program was given as follows:

Piano—"Meadow Brook," MacDowell—Miss Brereton.

Violin—(a) "Hungarian Love Song," Ware; (b) "Legende," Weinicki, by Mrs. Smith.

Vocal—"Crossing the Bar," Helena Bingham—Mrs. Paul Beardsley; Mrs. J. E. Shawhan, Githra Foster and Elsie McKown.

Violin—(a) "Hindoo Chant," Kreisler; (b) "Oriental," Cui; (c) "Serenade Badine," Gabriel—Mrs. Smith.

Piano—"Rustle of Spring," Sinding—Angie Wilson.

Violin—"March Caprice," Kreutzer—Mrs. Hazel Smith.

Those present were: Mrs. Paul Beardsley, Mrs. Harry Beardsley, Mrs. Mary Rudeliffe, Mrs. Ada Stone, Mrs. Cyril Zettel, Mrs. Florence Berney, Misses Mary Brereton, Githra Foster, Elsie McKown, Ellen Reehling, Angie Wilson, Bessie Bertische, the guest of honor, Mrs. Walter E. Smith and the hostess.

The Pythian Sisters will hold a special meeting tomorrow night to take in a class of candidates from Laurel, Ind.

Mr. and Mrs. Will Trennepohl had as their dinner guests yesterday Mr. and Mrs. Arthur Reynolds of Greenwood and Mr. and Mrs. Ollie Brown of this city.

The Ladies Aid Society of the First United Presbyterian church will meet tomorrow afternoon at the home of Mrs. B. L. Trabue in North Harrison street.

The executive committee of the Main Street Christian church missionary society will meet in the church parlors Tuesday afternoon at 2:30 o'clock. All members are asked to be present.

Mr. and Mrs. Charles Winship entertained with a prettily appointed high noon dinner party yesterday the following guests, Mr. and Mrs. Fred Cochran and family of Newcastle, Ind., Mr. and Mrs. Eddie Carter and son Forest and Mrs. Ella Higgs.

Mr. and Mrs. Oscar Miller entertained with a Thanksgiving dinner at their beautiful country home west of the city. Covers were laid for Mr. and Mrs. Clem Woods, Mr. and Mrs. Ralph Huffard, Mr. and Mrs. Tom Eskew and children, Mrs. Mary Miller, Mr. and Mrs. Rola Woods, Mr. and Mrs. Orman Veatch, Billie Huffard, Wilma Woods and Oren Veatch. The afternoon was spent socially with music.

Mrs. Oliver Fletcher pleasantly entertained the members of the Inter Nos club at her country home west of Rushville Friday afternoon. A short business session was held and a committee appointed to plan the annual Christmas turkey dinner which will be held this year at the home of Mrs. Oscar Williams. The remainder of the time was spent with needlework and music. At the close of the afternoon dainty refreshments of sandwiches, salad, cake and coffee was served by the hostess.

The members of the P. A. L. Club of Falmouth were hostess to about seventy guests Saturday evening, when they entertained at the country home of Mr. and Mrs. Ralph Elwell. The house was beautifully decorated with baskets of roses and evergreen. The attractive centerpiece for the table was a pumpkin filled with fruit. At 7:30 o'clock a delicious pitch-in supper was served, after which the entertaining committee gave a program consisting of contests, story writing, musical readings by Mrs. Howard Kehl, club prophecy, Mrs. Sherman Hill, violin and piano number, Mr. and Mrs. Bert Ochiltree.

## PLEDGES SUPPORT TO SEAL CAMPAIGN

Senator Watson Notifies State Association of His Good Wishes For Annual Campaign

### DEATH RATE DECREASED

Bill off in 1920 Over Report of 1911 According to State Tuberculosis Association

Indianapolis, Ind., Nov. 26—"I am pleased to note significant decline in tuberculosis death rate in Indiana, from 155 in 1911 to 108 in 1920, and congratulate Indiana Tuberculosis Association on its share in this result," says Senator James E. Watson in a telegram received today by Murray A. Auerbach, Secretary of the Association. He adds: "I strongly commend your work and sincerely hope that this fourteenth annual Christmas Seal Sale will result in greatly increased revenue for your association. You may count on my support."

Secretary Auerbach, in announcing the receipt of the telegram, said it was typical of the assurances of support received from business men and public spirited citizens throughout the State. Senator Watson, he said, had been advised to the Indiana situation at his office in Washington, by Charles J. Hatfield, managing director of the National Tuberculosis Association. Mr. Hatfield sent a report to all the United States senators describing the national situation as regards tuberculosis, and in states where state organizations are active, told what these states have done. His letter to Senator Watson said:

"It is with great pleasure that I report to you that the campaign against tuberculosis, which the National Tuberculosis Association and its 1200 affiliated state and local associations have been conducting during the last fifteen years, is producing results that are shown in the very significant decline in the death rate. For example, the death rate from tuberculosis in the registration area has declined from 200 in 1904, when the National Tuberculosis Association was organized to 114 in 1920, a saving at the present time of over 80,000 lives a year."

"The Indiana Tuberculosis Association is carrying on its annual Christmas Seal Sale from which funds are derived for the support of the non-official work throughout your state."

## FRISCO MAN TAKES JAZZ TO FRANCE

When H. E. Booker Gets Through France Will be Agitating The "Chemise" to American Steps

### IS BEWILDERED FRENCHMEN

Europe is Just Waking up to The Dancing Craze And Moving Pictures—Comparatively Speaking

By WEBB MILLER  
(U. P. Staff Correspondent)

Paris, Nov. 28—Howard E. Booker of San Francisco, the man who set all England dancing, inflicted American jazz bands upon the United Kingdom, and taught the stolid Britisher how to shake a wicked shimmy, and introduced the "tight little isle" to baseball, has invaded France.

When Booker gets through, France will be agitating the "chemise" to American steps; to American synecopation, played by American jazz bands; also seeing movies produced by American and English artists on French soil in movie-houses financed by Americans and run by American methods.

Within twenty-four hours after setting foot on French soil Booker signed a lease to the Apollo Theatre and started a dance-hall on a plan brand new to Frenchmen. Also in a twenty-five minute deal bought the second largest movie house in Paris for three million francs. Booker's American quick-lunch methods of business bewildered the Frenchmen so much they were suspicious of him and asked to delay the deal. It was only when he scribbled a check for one million francs to bind the contract that they decided he wasn't joking.

His first venture at the Apollo Theatre has just opened with three American jazz bands playing American tunes Booker imported. Forty-two English girls, four American girls and four Belgians to teach Frenchmen to dance the United States way. There are also four American men and eight Englishmen to teach French girls. The instructors sit in a special enclosure awaiting the summons. The would-be chemise wagger merely buys a ticket for one franc which entitles the holder to one dance with the instructor.

This is the same system Booker introduced into England at the Hammersmith Palais de Dance which had such a phenomenal success.

The Apollo has already had a striking success with 500 to 1,700 dancers every night. The hours are from midnight to four o'clock in the morning and a tea-dance from five to seven in the afternoon.

"The American man is the best natural dancer in the world," Booker said. "And the American style of steps is the best. That's why Europe is crazy over American dancing. Also the American synecopated music cannot be beaten. All Europe is dancing to our tunes—or will be when I get through. The English girl is almost as good a dancer as the American girl. The French run a bad third. And the remainder of Europe is no-where in the running."

"Europe is just waking up to the dancing craze and moving pictures—comparatively speaking. And Americans are getting in on the ground-floor for the boom that is to come."

Chicago—Only the college bred should make bread. Thus decided the American Bakers Association who started a bakers college here.

WINNEPEG, Man.—One hundred and ten new students have applied for enrollment at the Manitoba Agricultural College this year, bringing the total attendance up to 400.

## The "FOOT SAVER" Shoe

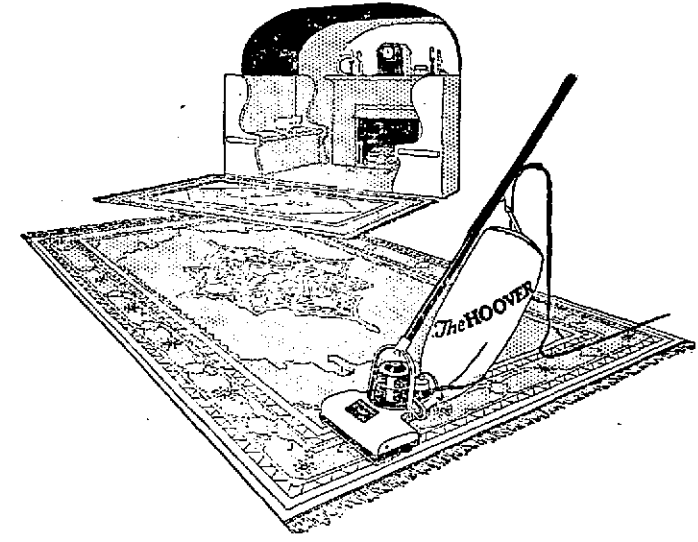

Foot Insurance for the Future. Moulds the Foot to Graceful Lines.

Properly fitted and worn consistently, this shoe positively will insure a Perfect Foot from Youth to Old Age. The "FOOT SAVER" Shoe controls the arch gently, but firmly, moulding it and snapping it to correct lines. The arch control feature is in no way mechanical. It is a scientific principle applied to shoe building.

Come in and see them now. The "FOOT SAVER" Shoe is so scientifically constructed that it cannot be worn unless properly fitted.

### The Mauzy Co.

It is no longer considered good housekeeping to overlook, between semi-annual housecleanings, the continual accumulation of germ-breeding dirt in the depths of one's rugs. For a new standard of cleanliness, that of rugs kept totally free of dirt the year around, has been introduced by The Hoover. This efficient cleaner thereby minimizes the danger of sickness and repeatedly saves its moderate cost by preserving all rugs from wear. In one easy, rapid, dustless operation guaranteed to prolong rug life, it gently beats out all germ-laden, nap-wearing grit from beneath rug surfaces, electrically sweeps up stubbornest litter, erects trodden nap, revives color and suction cleans. Only The Hoover does all this. Get a Hoover and live in an ever-clean home.

## The HOOVER

It Beats—as it Sweeps—as it Cleans

We Will Demonstrate The Hoover in Your Home or at Our Store. Convenient Terms, If Desired.

### THE MAUZY CO.

## Paris Coming To Life After the War.

By WEBB MILLER  
(U. P. Staff Correspondent)

Paris, Nov. 28.—For the first time since 1914, Paris is regaining her pre-war outward aspect.

The Parisian subway system has just put into effect the pre-war schedule as regards number of trains and speed. During seven long years the Parisian has been forced to submit to inadequate transportation service. Any complaint was always met by the inevitable "C'est la guerre". Even with the pre-war schedule the rush-hours are reminiscent of New York because the population has increased several hundred thousand since pre-war days. And there are four rush-hours a day in Paris where thanks to the two-hour lunch period everybody goes home to luncheon.

The motor-bus companies have just extended their service by inaugurating after-theatre buses, with a flat rate of three times the ordinary first class fare. Hitherto it was necessary to haggle with the high-binding taxi-bandits to get home after the theatre, because the subways close up shortly after midnight.

After more than two years steady labor the streets are back almost in pre-war condition. Throughout the war scarcely any repairing was done and scores of miles of streets resembled a shell-pocked sector on the front. With a few exceptions where the building was entirely razed, all signs of the devastation by the German long-range gun have disappeared.

Owing to the increase in motor-transportation Parisian civic authorities are wrestling with a "traffic crisis. Several remedies have

been tried with little success. At the most congested points on the Grand Boulevards the American system of traffic regulations has been inaugurated.

A fretful gendarme with a little white baton tries to maintain some semblance of order in the rush of traffic. But His Majesty the Paris Taxi-Driver is a law unto himself and takes unkindly to the new regime. The gendarme spends most of his time cursing taxi-drivers who try to slip past the moment his back is turned.

Little by little the city has augmented the street lighting until Paris has regained her pre-war title of "the city of light".

The cafes have been relieved of the war-time restrictions and Boulevard cafes remain open until one o'clock in the morning and the specially licensed cafes in the Montmartre district are open all night. Most of them close about dawn when the last merry-maker has been unloaded into a taxi.

New York—Miss Adelaide Bacardi whose father is the famous rum manufacturer had iced tea and lemonade for the guests at her wedding here.

### CLOSES WITH 50 CONVERTS

Revival Meetings at United Brethren Church End Sunday

The revival meetings which have been in progress at the United Brethren church in this city for the past few weeks, closed last evening with fifty conversions. Unusual interest was shown throughout the meetings and a number of people were turned away because of the small church room which was not large enough to accommodate the crowds.

Evangelist Towns was the speaker during the special services and each evening he brought an uplifting address which was very appealing to the people. Last evening a number of people were turned away from the meeting. Twelve were converted during the day and the evangelist brought a stirring address. Evangelist Towns returned to his home in Westfield, this morning.

### TWO NEAR DEATH AFTER RIOT

Chicago, Nov. 28.—Two were near death today following a midnight riot at an Italian dance. Nicholas Citro, jealous and moonshine-crazed, shot Anthony Durante and John Petrone which caused a panic in the dance hall. Citro was a rejected suitor of Rosa, daughter of Durante, and fiancée of Petrone.

### MARRIED AT PARSONAGE

Verell Walker and Miss Anna Scott, colored, both of this city, were united in marriage Wednesday, November 23rd, at the Second M. E. church parsonage by the Rev. L. M. Hagood.

Feather tipped shoes are the latest in Parisian styles.

### SPEECH STIRS HORNET'S NEST

Premier Briand's Last Address Unexpectedly Bold in Criticism of Great Britain

#### MAY HASTEN THE SETTLEMENT

Renews Attack Upon Germany and Charges That New Government is in Line With The Old

By WILLIAM JENNINGS BRYAN (Copyright 1921 by U. P.)

Washington, Nov. 28.—Premier Briand's speech has stirred up a hornet's nest and he shows no disposition to retreat or to mollify those who have responded to him. His last speech in the U. S. was unexpectedly bold in criticism of Great Britain and Lord Curzon has with equal frankness discussed Great Britain's objection to the French program. While the quarrel has all the earmarks of a fierce fundamental dispute, it may, after all, be the best way of bringing the parties together. Some times an open rupture hastens a settlement—suppressed hostility is more likely to continue than a hostility that bursts out and compels attention.

Briand renews his attack upon Germany and charges that the new government is in line with the old and equally committed to aggression by force of arms. Great Britain evidently does not share France's fears and she certainly is in as good a position to know what Germany is doing as France is and there is no reason why Germany should feel less angered at Great Britain than

### Remember Your Friends With A Christmas Card

We have a very fine line of Christmas Cards this year—in fact, the finest that we have ever had. We invite you to step in and see them. It costs nothing to look.

#### IS ELOQUENT SPEAKER

Electrified Delegates With Speeches at London Conference and The Geneva Assembly

at France. It was Great Britain's strength added to the arms of France that held the line against Germany until the weight of America's influence was thrown into the scale. If the fears of France were well founded would not Great Britain be equally alarmed? Is there any reason why the British empire should be indifferent to Germany's plans if the latter harbors revenge and only awaits an opportunity to spring upon her neighbors?

But the important question is not what France may think or what Great Britain may think; the world is interested in knowing the actual facts and the facts are easy to ascertain. It would seem to be the duty of the conference to inquire immediately as to Germany's disposition. Her government could answer at once and decide the course of the conference. If Germany by official acts of her government reaffirms what officials have said unofficially she can offer her pledges of peace and express her willingness to unite with the other powers in any plan that will allay the fears of France and any other nation that suspects her. The conference can make the conditions it deems necessary; if they are complied with France will doubtless accept the assurance and the matter will be settled.

No country at this time can justify unnecessary expenditure on land or sea and the people are in no mood to bear the burden, if the demand for a continuation of these expenses rests upon fears that are without foundation.

It is time to quit charges and counter charges and get down to business. The business before the conference is to find out what Germany is willing to do to guarantee the peace of Europe and thus insure land reduction in keeping with the reduction already agreed upon on the sea.

### That Knife-Like Pain

Is Only One of Nature's Warnings of Weak or Disordered Kidneys

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the kidneys sore? Is their action irregular? Use Doun's Kidney Pills—the medicine recommended by so many Rushville people. Read this case:

Mrs. Gertrude Sager, N. Sexton St., Rushville says: "Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped, sharp cutting pains were unbearable, and felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doun's Kidney Pills and got a couple boxes. They soon rid me of the trouble."

# "MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is As Bright and Cheery and Her Cheeks Are As Rosy As Ever.

SHE CAN NOW KEEP UP IN HER CLASSES

"Only a Mother Can Understand What I Suffered When I Saw My Daughter Slowly Wasting Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Taulac," said Mrs. Mary Smith, of Peacedale, R. I., a suburb of Providence recently.

"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very yellow color, her tongue coated over, she complained of a bad taste in her mouth, dull headaches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor.

"She had always stood high in her studies, but now her reports were

so bad that her teacher called on me to find out why she had gone back so in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her.

"Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself both, were downright sick from worry over her, and yet, nothing did her any good. "One day my husband said, 'Why not have Mary try Taulac? Each morning I have read in the papers of someone being helped by it and it may be what she needs.'

"Well, I had tried everything else, so as a last resort I had Mary try Taulac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Taulac is unbounded."

Taulac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

## FRANCE OPENS WAY FOR INVITATIONS

Logical Result of Briand's Position is For America to Ask Germany to be Represented at Conference

WANTS HUGE STANDING ARMY  
Invitations to Conference Are in President Harding's Sole Power to Issue—America's Party

By J. W. T. MASON  
(Written for United Press)  
France has opened the way to inviting Germany to the Washington conference.

There is no other method whereby the United States can examine into the spirit of discord that is threatening Europe with a revival of militarism.

Premier Briand defends the maintenance of a huge standing army on the ground that Germany is threatening France's existence. Briand also begs for American assistance and declares that France would reduce her military force if assured that Germany will respect the peace. The logical result of Briand's position is for America to ask Germany to send a delegation to the disarmament conference.

France is likely to object to this course as showing much consideration for the Germans and as an indication that Briand's word is doubted.

But the invitations to the conference are in President Harding's sole power to issue. This is America's party.

It is not possible to find out the truth of the Franco-German situation except by hearing Germany's side of the case and by making comparisons. No harm can come to anybody by asking the Germans in. Great benefit may accrue to France that the French fears of Germany are not founded on realities. If the Washington conference can make that clear to France by an examination of German delegates it may mark the turning point in the world's recovery.

France also fears Russia. It would do no damage to ask the Moscow government likewise to send representatives to the Washington conference. The entire world is interested in hearing what the Russians have to say. Sooner or later Germany and Russia will have to be readmitted into international competition. The sooner that is done the quicker the world will know where it stands.

## PRECAUTIONS TAKEN TO HALT CRIME WAVE

Two Murders, Scores of Burglaries, Robberies and Pistol Duels Occur in New York

\$20,000 IN FURS STOLEN

New York, Nov. 28—Precautions to halt a crime wave which has resulted in two murders, scores of burglaries robberies and pistol duels in the last few days have been taken by police here today.

The crime carnival began when Samuel Katz, a furrier, was beaten to death by three masked men when he refused to open his safe. A short time later Anthony Genoa, 40, was shot dead at his home in Brooklyn. Police said he had quarrelled with a neighbor shortly before.

The list of robberies included thousands worth of stolen goods. A fur house was entered and \$20,000 worth of undressed furs taken from a 72nd street shop.

Three men fired on police who attempted to arrest them in Prospect park, Brooklyn. Two men were arrested after a thrilling chase and fight along Riverside Drive.

## TO ATTACK RETURNED SMALL INDICTMENTS

Copies of Motions to Quash With Specifications Are Filed With State's Attorney

NOT MADE TO DELAY TRIAL

Springfield, Ill., Nov. 28.—Each and every indictment returned against Governor Len Small and every count in them is to be attacked on the Lake county circuit court. Copies of motions to quash, together with specifications supporting such motions were filed with state's attorney Ferd Mortimer of Sangamon county by counsel for the state executive.

The specifications declare "the governor is charged with no crime against the state of Illinois; that in all the state has set up there is no charge a law violations; that it is not ever alleged the governor ever received any money belonging to the state; and that in returning indictments, the grand jury filed an "explanation of why it filed true bills which is in violation of the constitution and the statutes."

Attorneys for the governor declared their motions to quash are not made to delay the trial and that the trial will proceed immediately if the motions are denied.
